## Fire Chief's Report

The following calls were answered:

House fires	3
Grass fires	15
Chimney fires	15
Brush fires	1
Barn fires	3
	<hr/>
	37
Burning permits issued	152

Burning permits must be obtained from me when there is no snow on the ground. If exceedingly dry, the permits may be cancelled by me, by the Town Fire Commissioners, and by direct orders of the Maine Forestry Service.

Last year the St. George Volunteer Firemen's Association purchased a 1948, Ford  $\frac{3}{4}$ -ton platform body truck, and another Hale Portable Pump. This equipment has been turned over to the town. So far it has been used to a good advantage.

This year we should think of purchasing some new hose. We should get 500 ft. of  $2\frac{1}{2}$  inch, and 500 ft. of  $1\frac{1}{2}$  inch hose. It is impossible to replace all the hose this year, due to cost. With the exception of 500 ft. of

Annual Report, Town of St. George, Maine

---

1½ inch hose, the original is still on the truck, and the truck is thirteen years old.

Again my thanks to the townspeople for their support and aid to the Fire Department.

Respectfully submitted,

GEORGE F. FAY

Fire Chief

## Superintendent of Schools Report

To the Superintending School Committee and Citizens of St. George:

I am submitting, herewith, my fourth annual report as your superintendent of schools.

When school opened in September overcrowded conditions were evident in both the Village and Clark Island Schools. The entering class at high school marked the beginning of the upsurge which will be reaching our secondary level for the years to come. In view of these conditions we were most fortunate in retaining all our teachers in both the elementary and secondary schools.

For the past few years you have been engaged in a study of your school program in relation to the increasing numbers that are currently attending school. In order to maintain a somewhat equal grade distribution it has been necessary to transport children to all sections of town but, unfortunately, not advantageously in terms of a sound overall school program which offers to all your boys and girls equal opportunity.

Your School Committee, Survey Committee, and School Building Committee have spent many hours endeavoring to formulate a solution to the housing problem. These groups have presented much data to you concerning the number and distribution of pupils in the schools.

As regards modern facilities you have but one school which measures up to present day needs; this one is unfortunately located in an inadequate place. All

your one room buildings lack modern plumbing and heating facilities and are most unsuitable for expansion purposes. These old buildings, and the high school building, are lacking in closet and book storage space. For the most part the school furniture is outmoded and much of it is in need of repair.

The overcrowded conditions at the high school building warranted action this past fall; in the immediate years to come the problem will remain acute if steps are not taken to alleviate the problem. All classrooms on the lower floor are housing too many pupils, and too many grades per teacher, for a sound educational program to be maintained.

During a previous town meeting a bond issue was authorized for construction purposes; the amount has not been sufficient to meet the needs of existing bids. In order to present a plan which may stay within this figure your School Building Committee has asked for bids on a structure which will include 6 classrooms and lobby space sufficient for seating approximately 125 for lunches; this request is made in order to continue the School Lunch Program. In this regular town meeting you will be asked to decide upon this matter. On behalf of the boys and girls of St. George I urge you to take action which will insure your children of a school program which will be a credit to your town.

During the past school year the usual repair and painting schedules have been maintained. Three new typewriters were purchased in the commercial department. Two floors in the high school building were given a thorough scrubbing, sealed, and waxed. The room which houses the fourth, fifth, and sixth grades at the Village was completely painted. This has done

## Annual Report, Town of St. George, Maine

---

much to improve lighting conditions in that room. Your School Committee wishes to continue this policy for other rooms; it will do much to improve their outward appearance. Enough new desk and chair units were purchased to outfit one grade at the Village school.

Following the school financial report you will please note a detailed report of the anticipated 1956 school budget. I trust you will study this budget very carefully in order to understand the problems confronting your school staff for the coming year.

At this time I should like to take this opportunity to thank all who have in any measure contributed to the success of the past school year.

Respectfully submitted,

KEITH L. CROCKETT

Superintendent of Schools

---

**ST. GEORGE SCHOOL**

**ANTICIPATED BUDGET 1956**

To the Citizens of the Town of St. George:

I am presenting, herewith, for your consideration, the proposed school budget for the fiscal year 1956 covering anticipated revenues, anticipated expenditures, and the amount to be raised by taxes for school purposes.

The following school budget has been projected with a view to the possibility of a new building and its possible costs.

	<b>Elem.</b>	<b>High Sch.</b>
Teaching	\$22,000.00	\$ 9,970.00
Credits and Substitutes	400.00	200.00
Fuel	1,152.00	1,100.00

## Annual Report, Town of St. George, Maine

Janitor	2,080.00	1,500.00
Textbooks	800.00	500.00
Supplies	2,000.00	1,200.00
Conveyance and Insurance	6,550.00	1,880.00
Typewriters, instr. equip.		400.00
	34,982.00	16,750.00
	16,750.00	
General School	51,732.00	
School Committee	300.00	
School Insurance	800.00	
Supervision	2,368.92	
Office Secretary	300.00	
	55,500.92	
Less Revenues	12,000.92	
	43,500.00	

### Revenues

1955 Balance and State Fund	12,000.92
-----------------------------	-----------

### Special Appropriations

School Lunch Program	300.00
Repairs and Equipment	1,000.00

### Teaching

The sums requested for elementary and secondary teaching will meet the present salary commitments, the required salary adjustments, and enable your School Committee to engage the services of another teacher to the elementary staff.

## Annual Report, Town of St. George, Maine

---

### **Fuel**

These sums are based on past fuel consumption, at best they are an anticipated figure.

### **Janitor**

These appropriations are based upon present salaries and the possibility of the need for full time service in a new building.

### **Textbooks**

This will enable us to meet normal textbook turnover and add some new books to the school curriculum.

### **Supplies**

This item includes janitor's supplies, lights, water, telephone, paper supplies, workbooks, etc.

### **Conveyance and Insurance**

The nature of the bus routes and distribution of school children may warrant a change in bus routes. Interest has been evidenced in making such a change. This is an anticipated figure based on possible route changes with an additional bus.

### **Typewriters and Instructional Equipment**

The exchange policy initiated three years ago will enable us to keep our equipment up-to-date.

### **School Insurance**

This sum represents the present fire and liability policies for the year 1956.

### **Supervision and Office Secretary**

This sum is for the salary of Superintendent and the proportionate share of the cost for an office clerk.

### **School Lunch Program**

The numbers participating in the school lunch make it necessary to request financial help for this program. Your continued support will make it possible to continue the work.

### **Repairs and Equipment**

This amount will enable us to continue the maintenance program.

Respectfully submitted,

KEITH L. CROCKETT, Supt.

## Report of High School Principal

To: The Superintending School Committee and the citizens of the town of St. George.

I hereby submit my fifth annual report of the St. George High School.

### Enrollment for School Year 1955-56

	Boys	Girls	Total
Freshmen	14	9	23
Sophomores	6	9	15
Juniors	5	6	11
Seniors	3	9	12
	<hr/> 28	<hr/> 33	<hr/> 61

At the beginning of school in September the enrollment of the high school was one less than the enrollment of the previous year. During the school year we have had four students transfer to other schools. One student dropped out of school during the year. Anticipated enrollment for September, 1956, is sixty-seven students.

The Hot Lunch Program has continued to operate successfully during the school year. Average daily meals served during the past five months has been 92.7. We were fortunate in securing the services of Mrs. Hazel Hupper as cook and Mrs. Mildred Hupper as assistant for the Lunch Program. By state regulation, the initial cost to a student is twenty-five cents a meal. Government subsidy for milk and in surplus commodi-

## Annual Report, Town of St. George, Maine

---

ties awarded was about the same as last year. As long as our average participation remains as it is now, it will be necessary for the town to appropriate the \$300 to meet operating deficits.

If the Hot Lunch Program is discontinued, some of this money will not be used. If a Lunch Program is continued at a proposed school, the greater number participating may reduce the funds required of the town for operation. The cost to the town varies indirectly with the total number participating.

In past reports, I have mentioned many times the need for some building for the development of the activity program in the schools. It is evident from the reactions at the Town Meetings of this winter that the citizens of the town are not willing to promote such a program. It has been the policy of the school, in the past, to try to provide activities for the young people and to try to give them many of the opportunities that students have in neighboring towns. To do this, we have had to overcome many obstacles and to sacrifice a great deal of school time that would not be necessary if we had a furnished building under supervision of school officials.

Any person who attended our carnival last fall will probably recognize the fire trap we had set up at the Odd Fellows' Hall. That cannot happen again, and that activity of the school will be dropped. As it was a means of raising the greater portion of funds for a Washington Trip for the classes, it means that Washington Trips for future classes will be discontinued unless the parents want to take full responsibility for financing such an activity. We do hope to continue a Senior Play and our socials at the Wiley's Corner

## Annual Report, Town of St. George, Maine

---

Grange Hall as long as they are willing to permit the use of the hall. Parents and citizens cannot expect the schools to provide activity opportunities if they are not willing to provide the facilities to carry out these programs.

During our winter meetings concerning the proposed construction of a new elementary school and gymnasium, the problem of curriculum content at the high school level was discussed briefly. Should we try to find some of the answers to the following questions? Is the curriculum of the high school effective in helping students to meet their needs, explore their abilities, and extend the range of their interests?

With only about ten percent of the graduates of the school attending institutions of higher learning, how much time should we give to subject matter of the traditional college preparatory course? Are we making the best use of offerings in the other fields for the ninety percent whose formal education ends on graduation from high school?

Consolidation of our grade schools is a necessity if we hope to prepare our boys and girls to do good high school work. In addition, now is the time to evaluate the effectiveness of our secondary school program in respect to the needs of our young people. This study should consider the possibilities of improving our curriculum by including the seventh and eighth grades in a six-year high school program. I would like to recommend that an evaluation study be made by the faculty, school board, the State Department of Education, and the University of Maine.

In these critical times—and it is no less critical for the Town of St. George—it is imperative that we

## Annual Report, Town of St. George, Maine

---

approach the problems of education with a determination to improve and to advance. The things around us are not static and we dare not treat our school system as though fishing was the only opportunity for boys and packing sardines the only opportunity for girls. In the present Atomic age, the age of electronics and plastics, only a handful know of the mechanics of the television set, the fathometer, the radar, or the ship-to-shore radio which are all becoming necessary to the livelihood of many of our residents.

I hope the citizens of the town will always endeavor to provide the boys and girls of the town with the best education so that they might be fitted to meet the future with wisdom and skill.

In conclusion, I want to thank all citizens of the town for the support they have given to the schools.

Respectfully submitted,

CLAYTON M. HUNNEWELL

Principal

## Auditor's Report

May 31, 1955

Board of Selectmen  
St. George,  
Maine

Gentlemen:

In accordance with Chapter 91, Section 142 of the Revised Statutes of 1954, an audit has been conducted of the financial records of the Town of St. George for the fiscal year ended January 31, 1955.

The examination was in the form of a limited general audit as recommended by the National Committee on Governmental Accounting and was conducted by Auditor P. H. Allen of the State Department of Audit. Audit analysis was on a basis consistent with that of the preceding year, and included all procedures which were considered necessary.

Insofar as could be ascertained within the scope of the examination, the financial transactions of the town appear to have been appropriately handled, with such exceptions as may be noted in the accompanying comments.

The financial and statistical sections, incorporated in this report, present the result of the town's financial operations for the period designated. Recommendations are also offered which are believed worthy of consideration.

All of which is respectfully submitted.

Very truly yours,

FRED M. BERRY

State Auditor

## COMMENTS

### Town of St. George

February 1, 1954 to January 31, 1955

An audit of the financial records of the Town of St. George has been completed for the municipal year ended January 31, 1955. The audit included an examination of certain financial records maintained by the town officials. The examination consisted of a review of cash transactions as well as an analysis of available funds and expenditures and the results are incorporated in the following text, exhibits and schedules pertaining to the fiscal affairs of the town.

The fiscal year's operations showed that available funds exceed expenditures by \$1,349.03, per the following summary:

Departmental Operations:	
Unexpended Balances	\$4,765.16
Overdrafts	3,416.13
Net Unexpended Balances	1,349.03

The Department of Attorney General has advised that overdrafts are not permitted by statute except in certain instances where emergencies arise in highway activities and then only to the extent of 15% of the highway appropriation.

The audit also revealed that certain phases of municipal operations may be strengthened by favorable consideration of the following suggestions:

Attention is directed to Chapter 22, Section 57 of the Revised Statutes of 1954 which provides in part that excise taxes shall be deposited in the town treas-

## Annual Report, Town of St. George, Maine

---

ury monthly.

All transactions pertaining to trust funds should be recorded in the general ledger.

When partial payments are received on tax mortgage liens, signed waivers should be obtained to protect the town's foreclosure rights.

### Assets

The cash balance of \$11,104.76 was reconciled with the bank statements furnished by the Knox County Trust Company, Rockland, Maine and a savings account passbook of the same bank.

Transactions affecting taxes, tax liens and tax acquired property accounts were reviewed. Unpaid accounts were reconciled with balances shown on the records of the selectmen. Investments were verified by physical count.

The anticipated federal and state reimbursement for hurricane damage amounted to \$1,180.00 and \$699.53 respectively at the year end.

### Reserves and Surplus

The appropriation accounts reflect unexpended balances of \$5,306.38 (Exhibit D) at the year end, this amount representing various operating account balances that are carried forward to the ensuing year in accordance with legal requirements or customary practice.

The unappropriated surplus of the town amounted to \$21,365.67, an increase of \$1,494.77 for the year. This change was occasioned principally by the excess of available funds over expenditures.

### **Debt Fund**

The debt fund, incorporated in the balance sheet as a separate fund, reflects the outstanding schoolhouse notes of \$3,000.00 which are to be retired from future revenue.

### **Trust Funds**

The total amount of trust fund principals was \$17,196.24 at the year end and unexpended income amounted to \$579.21. These amounts were represented by investments of \$12,892.05 and time deposits of \$4,883.40. The examination of cemetery trust fund transactions revealed that they were reflected only in the treasurer's records.

### **Available Funds and Expenditures**

An analysis of the comparative statement of available funds revealed a decrease of \$5,018.60 as compared with the preceding year. This change was for the most part due to decreases in the use of carrying balances and transfers from unappropriated surplus. A higher tax levy and federal and state anticipation for hurricane damage were also contributing factors.

Expenditures for the same period decreased by \$7,439.72, which was reflected principally in the fire house and Jones Hill accounts. Increases in educational, highway and hurricane costs were also contributing factors.

A method of effectively canceling paid invoices is suggested. This may be accomplished either by perforation or a rubber stamp device.

## Annual Report, Town of St. George, Maine

---

### General

The examination of the town clerk's records revealed that the transfer of excise tax receipts to various highway accounts was authorized by vote of the townspeople at the annual town meeting.

### Scope of Audit

Count of cash was made and records checked to determine the accuracy of recording cash transactions. The system of internal control was reviewed as pertained to the handling of cash and other matters of financial concern. Receipts, vouchers and canceled checks were examined for a selected period and major increases or decreases in revenue and expenditures were reviewed. Excise tax collections were test checked by examination of the copies of the receipts retained by the collector. Trust fund transactions were reviewed. Securities and savings accounts were verified by actual inspection or confirmation by the depositories.

Various laws pertaining to the fiscal operations of the municipality were reviewed to determine that related financial transactions had been properly administered.

Included in this report are exhibits and schedules pertaining to the financial status of the town. Audit procedures were followed to the extent deemed necessary to develop these statements.

It is believed that the accompanying balance sheet and supporting statements fairly present the financial position of the town at January 31, 1955, and the result of its operations for the year then ended.

## Town Warrant

KNOX SS.

To Lawrence Watts, a constable of St. George, in the county of Knox,

GREETINGS:

In the name of the State of Maine, you are hereby required to notify and warn the inhabitants of the Town of St. George, qualified to vote in Town affairs, to assemble in the Odd Fellows Hall at Tenants Harbor, in said Town on Monday, the 12th day of March 1956 at 7 o'clock in the evening to act on the following articles, to wit;

1. To elect a moderator to preside at said meeting.
2. To hear and act upon the report of the officers.
3. To elect a clerk for the ensuing year and fix salary.
4. To elect one member of the board of selectmen for three years and fix his salary.
5. To elect 3 or more members of the board of assessors for the ensuing year and fix their salaries.
6. To elect 3 or more members of the overseers of the poor for the ensuing year and fix their salaries.
7. To elect a treasurer and excise tax collector for the ensuing year and fix salary.

## Annual Report, Town of St. George, Maine

---

8. To elect a collector of personal and real estate taxes for ensuing year and fix salary.

9. To elect one member of the school committee to serve for three years and fix salary.

**Recommended by Budget Committee      \$ 100.00**

10. To see if the inhabitants will vote to raise the salaries of the present members of the school committee to equal that of the newly elected member.

**Recommended by Budget Committee      100.00**

11. To elect a road commissioner for the ensuing year.

12. To elect three fire commissioners for the ensuing year and fix their salaries.

13. To see if the inhabitants will vote to elect or have the selectmen appoint a budget committee.

14. To see what sum if any, the inhabitants will vote to raise and appropriate to cover budget items as follows for the ensuing year.

A—Salaries of Town Officers

paid to the State of Maine Publicity Bureau, to be expended and used for advertising the natural resources, advantages and attractions of the State, in accordance with the provisions of Chapter 80, Section 95, of the Revised Statutes of Maine.

23. To see if the inhabitants will vote to raise and appropriate the sum of \$100.00 to be turned over to the Kinney Melquist Post for Soldiers' flags and Memorial Day Exercises.

24. To see what sum if any, the inhabitants will vote to raise and appropriate, to replace hose and equipment in the Fire Dept.

<b>Recommended by Budget Committee</b>	<b>1,900.00</b>
--	-----------------

25. To see if the inhabitants will vote to build a six room elementary school with facilities for a hot lunch program at a cost of \$112,000 for cimento board or \$117,000 for masonry.

25(A). To see if the Town will vote to approve and enter into the proposed Lease Agreement with the Maine School Building Authority, which has been authorized by resolution of the Authority duly adopted on February 14, 1956, and which provides for financing the construction of a six room elementary school with these facilities—a kitchen, toilets, heater room, combination clinic and office room and lobby space for cafeteria purposes. The school will be located on the Juniper Road lot now owned by the town and described in Volume 343 at Page 258 in the Knox County Registry of Deeds, by the issuance of revenue bonds of the Authority under the provisions of the Maine School Building Authority Act (Chapter 405, Public Laws of 1951, as amended) in the amount of \$75,000 and, if

## Annual Report, Town of St. George, Maine

---

necessary, in an additional amount not exceeding 10% of such amount, and for the payment by the Town of annual rentals sufficient to pay the interest on and the principal of such bonds, or any bonds issued by the Authority to refund such bonds, a pro rata part of the administrative expenses of the Authority and the premiums on insurance, all pursuant to the provisions of the Lease Agreement, and to authorize the execution of such Lease Agreement for and on behalf of the Town by its Treasurer.

25(B). If the action of the Town on Article 25(A) shall be in the affirmative, to see if the Town will vote to transfer and convey to the Maine School Building Authority the property referred to in Article 25(A) hereof and to authorize the Treasurer for and in behalf and in the name of the Town and under its corporate seal to execute and deliver a warranty deed thereof to the said Authority.

25(C). If the action of the Town on Article 25(A) shall be in the affirmative, to see if the Town will vote to establish a capital reserve fund for the purpose of financing a part of the cost of the construction of the project referred to in the lease agreement with the Maine School Building Authority approved this day by the inhabitants of the Town, and to appropriate and transfer thereto from the available unencumbered surplus funds of the Town the sum of \$1,759.85, to be expended, for said purpose, under written order of the selectmen, as provided by law.

25(D). If the action of the Town on Article 25(A) shall be in the affirmative, to see if the Town will vote to authorize the expenditure of \$1,759.85 from the capital reserve fund heretofore created for

the purpose of financing all or a part of the cost of constructing a six room elementary school with these facilities—a kitchen, toilets, heater room, combination clinic and office room and lobby space for cafeteria purposes. The school will be located on the Juniper Road on lot now owned by the town and described in Volume 343 at Page 258 in the Knox County Registry of Deeds, for the purpose of financing a part of the cost of construction of the project referred to in the lease agreement with the Maine School Building Authority approved this day by the inhabitants of the Town, said expenditure to be upon the written order of the selectmen, as provided by law.

25(E). If the action of the Town on Article 25(A) shall be in the affirmative, to see if the Town will vote to authorize an issue of bonds or notes of the Town, in an aggregate amount not to exceed \$48,000, the proceeds thereof to be used for the purpose of financing a part of the cost of construction of the project referred to in the lease agreement with the Maine School Building Authority approved this day by the inhabitants of the Town, and for no other purpose.

26. To see if the Town will vote to authorize the Selectmen to issue and sell bonds in an amount not to exceed \$117,000 for the purpose of financing the construction of a new six room elementary school with facilities for a hot lunch program.

27. To see if the inhabitants will vote to authorize the School Building Committee to enter into a contract for the construction of a six room elementary school with facilities for a hot lunch program.

28. To see if the inhabitants will vote to add an auditorium or Town Hall to the above six room elemen-

---

tary school and authorize the selectmen to issue bonds not to exceed \$55,000 for the construction of same.

29. To see if the inhabitants will vote to raise and appropriate a sum of money for architect's fees if present plans are not accepted.

30. To see if the inhabitants will vote to raise and appropriate a sum of money for future needs for new school buildings.

31. To see if the inhabitants will vote to raise and appropriate \$100.00 for membership in the Knox County Industrial and Development Association.

32. To see if the inhabitants will authorize the selectmen in behalf of the town to sell and dispose of any real estate acquired by the town for non-payment of taxes or foreclosures of tax liens and to execute quit claim deeds for such property.

33. To see if the inhabitants will vote to authorize the selectmen to procure a temporary loan or loans in anticipation of taxes for the purpose of paying obligations of the Town; such loans to be paid during said current municipal year by taxation.

34. To see if the inhabitants will vote to raise and appropriate \$350.00 for interest payment on temporary loans.

35. To see if the inhabitants will vote to go on daylight saving time in accordance with the city of Rockland and surrounding towns.

36. To transact any other business that may legally come before said meeting.

Annual Report, Town of St. George, Maine

---

The selectmen give notice that they will be in session at the Town Office on Friday, March 9th, 1956 at 7:00 p.m. for the purpose of correcting the list of voters.

Given under our hands at St. George, the 24th day of February 1956.

## Public Health Nursing Report

The health program in St. George was carried out under difficulties during 1956. The problems of conducting clinics for four schools without clinic room facilities and lack of transportation for persons interested in the infant and pre-school programs usually conducted each year in towns have naturally been a handicap.

In spite of the difficulties one hundred fifteen children received poliomyelitis vaccinations at clinics held in January and March. This number added to the twenty-three done in 1955 makes one hundred thirty-eight who are ready for polio boosters. Plans have been started for giving these early in the new year.

Eighty-four young people also received diphtheria-tetanus boosters and smallpox vaccinations during a school clinic in April. Fourteen children under school age took advantage of triple immunizations and smallpox vaccinations.

Dr. Dennen completed physical examinations of school children early in 1956 started the fall before. He has also done all the immunizations given at clinics.

With the probability of the new central school opening after Christmas vacation we anticipate that many of the past difficulties in conducting school health programs will be overcome. School physicals will be started as soon as possible along with third polio vaccinations.

## Annual Report, Town of St. George, Maine

---

Home visiting has resulted in a number of referrals to physicians and clinics for specific health problems. Teaching has been directed towards improving the nutrition and health practices of individuals within the home.

The co-operation and assistance given throughout all the year's work has been very much appreciated.

ADA W. AMES,

Public Health Nurse

Dept. of Health and Welfare

## Fire Chief's Report

This year the following calls were answered:

Chimney fires	10
Grass fires	9
Forest fires	1
Car fires	1
	<hr/>
	21
Burning permits issued	68

Burning permits must be obtained from the Fire Chief when there is no snow on the ground. These permits may be cancelled at anytime by the Fire Chief, the Town Fire Commissioner, and by direct orders of the Maine State Forestry Service.

During 1956, 500 ft. of 1½-inch hose, 500 ft. of 2½-inch hose and 12 Indian Tanks were purchased. This equipment was badly needed, as both tanks and hose need replacing regularly. Also purchased were 10 safety hats for the firemen's protection.

A lot of credit is due to the St. George Volunteer Firemen's Association. Since they have been organized their activities have been very beneficial to the town. Not only have they proved efficient in fighting fires, but they have also been a contributing factor in the town's welfare and well being in other respects. Their ambulance, which is fully supported by them and the generous donations of the public, has been an asset to the town and its people. Their big project for 1957 is a resuscitator. Of the total cost price they have \$211 or over half. We should be very pleased to contribute to these projects.

## Annual Report, Town of St. George, Maine

---

I want to thank the people of the town for their aid and support to the Fire Department. Without your help we would not have been able to keep the fire loss to a minimum. Our record of 21 calls for 1956 proves to me that the people of St. George realize how dangerous any fires are, and they have become very fire conscious. Continue to report any fire or smoke, so that the Fire Department can answer the call promptly to suppress or investigate same.

Respectfully submitted,

GEORGE F. FAY,

Fire Chief

## Superintendent of Schools Report

To the Superintending School Committee and Citizens of St. George:

I am submitting, herewith, my fifth annual report as your superintendent of schools.

When school opened in September several changes in teaching personnel were in evidence. Mrs. Orel Ward was engaged as teacher of Grade four replacing Mrs. Harriet Lufkin at the Wiley's Corner School; Mr. Orel Ward was engaged as teacher of grade seven at the Village School; Mr. John Hadden replaced Mrs. Metevier as instructor of English at the High School. I am happy to report evidence of suitable pupil growth and progress.

As the new elementary school was not completed by the beginning of the fall term the outlying schools were opened with the same grade distributions as before. The following were grade enrollments: Grade 1 - 25, Grade 2 - 32, Grade 3 - 36, Grade 4 - 29, Grade 5 - 32, Grade 6 - 31, Grade 7 - 16, Grade 8 - 29, Grade 9 - 22, Grade 10 - 18, Grade 11 - 13, Grade 12 - 11.

During the summer the 1st, 2nd, 3rd grade room, at the High School building, was partitioned to make a typing room and recitation room for the commercial department. The seventh grade was housed in the typng room section, and Grades 1, 2 and 3 in the classroom section, awaiting opening of the new school. On January 18th and 19th the change was made to the new building. This has made possible the shift of the seventh grade to the former 4th, 5th and 6th grade

## Annual Report, Town of St. George, Maine

---

room and a shifting of the entire commercial department to the lower floor. By the latter change, the laboratory is now available for full use as a chemistry and physics area. The former typing room can now be devoted to needed office space and library facilities.

During the past year pupils of the high school have enjoyed the privileges offered in the industrial arts and home economics programs at the Lillius Grace Institute. By the coming fall the industrial arts program is to be expanded to make possible basic experiences in wood-working, metal-working electricity and internal combustion engines. In preparation for such change space loaned for the lunch program has been used for this expansion. The above two programs have enriched, greatly, the curriculum for all.

The new elementary school now permits a single grade situation with an improved pupil-teacher ratio that will enable your boys and girls to have finer educational opportunities. The size of classrooms, at the building, should meet the needs for future increase of class room enrollments for some time to come. Fortunately ample boiler facilities are present to meet possible future additions.

The lobby area and fine kitchen, with all modern facilities, makes it possible to accommodate all pupils, of all grades, who wish to participate in the hot lunch program. Average participation, during the few weeks this program has been in operation, shows a fine response to this program.

Since early fall many volunteers have given freely of their time and labor to paint the interior of the new school. This has meant a substantial savings on

## Annual Report, Town of St. George, Maine

---

the cost of painting and has made possible the purchasing of new lunch equipment to meet the increased numbers who are eating. There remains some further painting to do before final arrangements can be made for a formal dedication program later in the school year.

As in the past, further instructional equipment was added to the commercial department. In continuance of the policy to paint out rooms in the high school building, the eighth grade room was painted during the summer recess.

The net appropriation for schools in 1957 remains nearly the same as for 1956. This is made possible by a sizeable overlay and in increase in money from the State. Should the present State Subsidy formula remain as is your next year's net appropriation will show a substantial increase to meet present and projected commitments.

You Committee recommends the consideration of the increase in the repair and equipment account to enable it to make a start in outfitting the new school with furniture; an item urgently needed.

Following the school financial report you will please note a detailed report of the anticipated school budget for 1957.

At this time I wish to take this opportunity to especially thank the Superintending School Committee for their fine co-operation and to give thanks to all who have contributed to the success of the past school year.

Respectfully submitted,

KEITH L. CROCKETT  
Superintendent of Schools

### ST. GEORGE SCHOOL

#### ANTICIPATED BUDGET 1957

To the Citizens of the Town of St. George:

I am presenting, herewith, for your consideration, the proposed school budget for the fiscal year 1957 covering anticipated revenues, anticipated expenditures, and the amount to be raised by taxes for school purposes.

# Annual Report, Town of St. George, Maine

	Elementary	High School
Teaching	\$25,490.00	\$10,710.00
Credits and Substitutes	400.00	200.00
Fuel	1,200.00	1,100.00
Janitor	2,080.00	1,500.00
Textbooks	800.00	500.00
Supplies	2,000.00	1,880.00
Instructional equipment		350.00
	\$41,130.00	\$17,240.00
	\$17,240.00	
General School	\$58,370.00	
School Committee	300.00	
School Insurance	650.00	
Supervision	2,599.00	
Office Secretary	300.00	
	\$62,219.00	
Less anticipated revenues	\$19,219.00	
Appropriation	\$43,000.00	
School lunch program	300.00	
Repairs and equipment	3,000.00	

Respectfully submitted,

KEITH L. CROCKETT

Superintendent

## Report of High School Principal

To: The Superintending School Committee and the citizens of the Town of St. George.

I hereby submit my sixth annual report of the St. George High School .

### Enrollment for School Year 1956-57

	Boys	Girls	Total
Freshmen	11	12	23
Sophomores	11	7	18
Juniors	6	7	13
Seniors	5	6	11
	<hr/> 33	<hr/> 32	<hr/> 65

At the beginning of the school year in September, the enrollment of the high school was three more than the enrollment of the previous year. During the school year we have had one student transfer to another school and four students drop out of school. Anticipated enrollment for September 1957 is eighty students since there are thirty-two in the eighth grade.

Our school band is making good progress under the able leadership of Mr. Antonio Palleria. A Junior Band has been organized in the elementary school and practice sessions are held now at the New School each Tuesday. If this program is continued, it should insure good material for our Senior Band in the years to come. Under the sponsorship of the Band Mother's Club, a Band Concert and Award Night is being planned for April. Our band will participate in the Eastern

## Annual Report, Town of St. George, Maine

---

Maine Music Festival to be held at Old Town on May 4.

Our activity program in the High School has been limited. The Freshmen reception and Senior Play were held in the Odd Fellows Hall. Three socials were held at the Wiley's Corner Grange Hall. We are planning to enter the One-Act Play Contest sponsored by the Medomak Valley League, to be held at Union on March 22. The High School will sponsor a baseball team and a girl's softball team in the league this spring. These extra-curricular activities have been carried on with very little interference with class-room work.

It will be necessary for citizens and school officials to make a study of their High School facilities and school program in order that the school meet the new State requirements for approval effective July 1, 1960. In order for our High School to be approved, some changes will have to be made in facilities and program. Approval is purely voluntary on the school's part but according to State law, an unapproved school cannot be recognized for State subsidy purposes. In order to draw State funds to help operate our High School, it must be considered an "Approved" school.

An appraisal should be made by the Fall of 1957, so that if a financial outlay for changes must be made, it may be anticipated and the outlay be spread over a period of years. An appraisal now would give ample time to insure approval by July, 1960.

Finally, we owe sincere thanks to the directors of the Lillius Grace Institute not only for the contribution which they are making to the educational system but for the use of the community room for the band practice.

Annual Report, Town of St. George, Maine

---

I should like to thank the citizens of the town who have co-operated with the faculty and the students in promoting school activities.

Respectfully submitted,

CLAYTON M. HUNNEWELL  
Principal

## Auditor's Report

April 9, 1956

Board of Selectmen

St. George,  
Maine

Gentlemen:

In accordance with Chapter 91, Section 142 of the Revised Statutes of 1954, an audit has been conducted of the financial records of the Town of St. George for the fiscal year ended January 31, 1956.

The examination was in the form of a limited general audit as recommended by the National Committee on Governmental Accounting and was conducted by Auditor R. G. Redman of the State Department of Audit. Audit analysis was on a basis consistent with that of the preceding year, and included all procedures which were considered necessary.

Insofar as could be ascertained within the scope of the examination, the financial transactions of the Town were appropriately handled, with such exceptions as may be noted in the accompanying comments.

The financial and statistical sections, incorporated in this report, present the result of the Town's financial operations for the period designated. Recommendations are also offered which are believed worthy of consideration.

All of which is respectfully submitted.

Very truly yours,

Fred M. Berry  
State Auditor

## Annual Report, Town of St. George, Maine

---

### COMMENTS

#### Town of St. George

February 1, 1955 to January 31, 1956

An audit of the financial records maintained by various officers of the Town of St. George has been completed for the municipal year ending January 31, 1956.

The examination included a review of cash transactions as well as an analysis of available funds and expenditures and the results are incorporated in the following text, exhibits and schedules pertaining to the fiscal affairs of the town.

The fiscal year's operations showed that expenditures exceeded available funds by \$646.48, per the following summary:

#### Departmental Operations:

Overdrafts	\$5,611.37
Unexpended Balances	4,964.89
Net Overdrafts	646.48

Overdrafts, for the most part, were reflected in the general government, and highways accounts. The Department of Attorney General has advised that overdrafts are not permitted by statute except in certain instances where emergencies arise in highway activities and then only to the extent of 15% of the highway appropriation.

The audit also revealed that certain phases of municipal operations may be strengthened by favorable consideration of the following suggestions:

Appropriation balances which are to be carried forward from year to year excepting those required to be carried by law, should receive the approval of the voters.

School payrolls and/or rolls of accounts should be certified by the superintendent of schools as provided

## Annual Report, Town of St. George, Maine

---

by Chapter 41, Section 30 of the Revised Statutes of 1954.

The desirability of strengthening some of the descriptions of real estate was evidenced from the examination of the valuation records.

### Assets

The cash balance of \$14,796.67 was reconciled with a statement furnished by the Knox County Trust Company, Rockland, Maine and a savings account passbook of the same bank. A count of cash was made at the date of audit and reconciled with the closing balance.

Other assets including taxes, tax liens and tax acquired property were reviewed and verification undertaken to determine their correctness at the year end. Unpaid balances were reconciled with the balances shown on the town records. Investments were verified by physical count.

### Liabilities

The accounts payable of \$69.40 represents a state overpayment of a charity case which is to be refunded by the town.

### Reserves and Surplus

The appropriation accounts reflect an unexpended balance of \$8,744.64 (Exhibit D), at the year end, representing various operating account balances which were carried forward to the ensuing year in accordance with legal requirements of customary practice.

The unappropriated surplus of the town amounted to \$20,665.94, a decrease of \$699.73 for the year. This change was occasioned principally by the excess of expenditures over available funds.

### Debt Fund

The debt fund, incorporated in the statement of fi-

## Annual Report, Town of St. George, Maine

---

nancial condition as a separate fund, reflects the outstanding schoolhouse note of \$1,000.00 which matures in the 1956/57 municipal year.

### Trust Funds

The total amount of trust fund principals was \$17,221.66 at the year end and unexpended income amounted to \$650.76. These amounts were represented by investments of \$12,892.05 and time deposits of \$4,980.37. The examination of cemetery trust fund operations revealed that they were reflected only in the treasurer's records. In this respect, it is suggested that all transactions pertaining to trust funds be recorded in the town's general ledger.

### Available Funds And Expenditures

An analysis of the comparative statement of available funds revealed an increase of \$6,288.47, as compared with the preceding year. This change was occasioned principally by a higher tax levy and increased excise tax revenue. Reduced hurricane damage participation was also a contributing factor.

Expenditures for the same period increased by \$8,283.98, which was reflected principally in the retarring roads, school expansion needs and general school fund accounts.

A method of effectively canceling paid invoices is suggested. This may be accomplished either by perforation or a rubber stamp.

### General

The examination of the town clerk's records revealed that the transfer of excise tax revenue to various operating accounts and one unit of the state aid highway appropriation to the town road improvement fund were authorized by vote of the townspeople.

### Scope of Audit

Count of cash was made and records checked to determine the accuracy of recording cash transactions. The system of internal control was reviewed as pertained to handling of cash and other matters of financial concern. Receipts, vouchers and canceled checks were examined for a selected period and major increases or decreases noted in revenue or expenditures over previous years were explored. External verifications were utilized, on a test basis, to determine the correctness of certain recorded assets and liabilities. Excise tax collections were verified by examination of the copies of the receipts retained by the collector. Trust fund transactions were reviewed and securities and savings accounts were verified by actual inspection or confirmation by the depositories. Surety bonds were examined.

The subsidiary records maintained by the Superintendent of Schools were not examined. However, his report of balances was on file and found to be in agreement with the records of the town.

Various laws pertaining to the fiscal operations of the municipality were reviewed to determine that related financial transactions had been properly administered.

Included in this report are exhibits and schedules pertaining to the financial status of the town. Audit procedures were followed to the extent deemed necessary to develop these statements.

It is believed that the accompanying statements and supporting information present fairly the financial position of the town at January 31, 1956 and the result of its operations for the year then ended.

## Town Warrant

KNOX SS.

To Alfred Leppanen, a constable of St. George, in the county of Knox,

GREETINGS:

In the name of the State of Maine, you are hereby required to notify and warn the inhabitants of the Town of St. George, qualified to vote in Town affairs, to assemble in the Odd Fellows Hall at Tenant's Harbor, in said Town on Monday, the 11th day of March 1957 at 7 o'clock in the evening to act on the following articles to wit:

1. To elect a moderator to preside at said meeting.

2. To hear and act upon the report of the officers.

3. To elect a clerk for the ensuing year and fix salary.

**Recommended by Budget Committee      \$300.00**

4. To elect one member of the board of selectmen for three years and fix salary.

5. To elect one member of the board of selectmen for two years and fix salary.

6. To elect one member of the board of selectmen for one year and fix salary.

7. To elect three or more members of the board of assessors for the ensuing year and fix salaries.

## Annual Report, Town of St. George, Maine

---

8. To elect three or more members of the board of overseers of the poor for the ensuing year and fix their salaries.

9. To elect three fire commissioners for the ensuing year and fix their salaries.

10. To elect a treasurer and excise tax collector for the ensuing year and fix salary.

**Recommended by Budget Committee                      \$650.00**

11. To elect a collector of personal and real estate taxes for the ensuing year and fix salary.

12. To elect one member of the school committee to serve for three years and fix salary.

13. To elect a road commissioner for the ensuing year.

14. To see if the inhabitants will elect or have the selectmen appoint a budget committee.

15. To see if the Town will vote (a) to enter into a street lighting contract with Central Maine Power Company for a term of not less than ten (10) years covering the Town's existing streetlighting system and such additional installations as may be installed in accordance with the provisions of the contract; the Town to pay to Central Maine Power Company for the street lighting service furnished and delivered to it under the provisions of the contract the sums prescribed by the Company's applicable rate schedule, which in no event shall be less than 90% of the maximum amount of the Company's monthly billing to the Town for the street lighting service contracted for under the Company's applicable rate schedule during any previous twelve months' period expiring on the anniversary date

## Annual Report, Town of St. George, Maine

---

of the contract, and (b) to authorize the Selectmen or Town Manager to execute and deliver to Central Maine Power Company said street lighting contract.

16. To see if the Town will vote to set up a sinking fund for the partial payment of its new school building payments, said fund to be created from the funds available from the sale of War Bonds, and said fund plus interest to be used each year to make partial payment on the new school building payments.

17. To see what sum if any, the inhabitants will vote to raise and appropriate to cover budget items as follows for the ensuing year:

A—Salaries of Town Officers	
Recommended by Budget Committee	\$7,000.00
B—Contingent	
Recommended by Budget Committee	1,800.00
C—Social Security	
Recommended by Budget Committee	350.00

## 1957 Annual Report of Public Health Nurse

With the opening of the new elementary school at Tenants Harbor and the excellent facilities for conducting clinics our difficulties of past years have been resolved.

School physical examinations due in the fall of 1956 were delayed until the opening of the new school. When this took place, St. George was without a physician due the death of Dr. Dennen. Until a successor was found, the selectmen authorized Dr. Harry Tounge of Camden to serve as clinic physician.

Three school health clinics were held in May for physical examinations in grades two, five, eight and ten. Dr. Onat also did these grades in the fall.

Polio clinics took special planning this year due to the excellent response of parents in having their children protected. Three clinics were conducted for this with an attendance ranging from 107 to 202. The annual immunization clinic for small pox and diphtheria-tetanus boosters was held in April with some additional polio shots given.

Child Health Conferences were held in May and June with an average attendance of 25 infants and pre-schools.

Audiometer testing for hearing acuity was done by several members of the St. George Health Committee and children with hearing defects are receiv-

## Annual Report, Town of St. George, Maine

---

ing medical follow-up. Others also are in the process of follow-up.

With the coming of Dr. Onat as town physician and the excellent working relationships with members of the Health Committee, physician, members of the Board of Selectmen and school personnel, the St. George health program has been most active. Home visits have continued to be a major activity of the nurse and has been rewarding. Mr. Crockett, our School Supt., will be greatly missed. He has always been most interested and helpful in having the best possible school health program carried out in his schools for the benefit of each and every child.

This has truly been a most fruitful year with many people taking part in the community health program and it has been fine to serve St. George as public health nurse another year.

(MRS.) ADA W. AMES

Public Health Nurse

Department of Health and Welfare

## Fire Chief's Report

This year the following calls were answered:

Grass Fires	15
Forest Fires	6
Chimney Fires	4
House Fires	4
Car Fires	1
Dump Fires	2
	<hr/>
	32
Burning Permits issued	52

Burning permits must be obtained from the Fire Chief when there is no snow on the ground. These permits may be cancelled at any time by the Fire Chief, Fire Commissioners, or by direct order of the State Forestry Service.

This year we should purchase some more Indian tanks. As most of the water in St. George is very hard, galvanized tanks are not lasting as well as they should. It has been suggested that we try brass tanks. Although the cost is higher, the savings each year should more than compensate for the difference in price. As it is now, galvanized tanks last on the average of two years.

There are a number of things pertaining to the Fire Dept. which should be taken under consideration. About the most important is the Mack Pumper. We should remember that it is fifteen years old. A sum of money should be set aside each year toward the purchase of a new pumper. Although the condition of the

## Annual Report, Town of St. George, Maine

---

present machine is still satisfactory we should be prepared.

The tank truck has and still is being used to a good advantage. But as the present chassis is a 1938 Ford we should be thinking about purchasing another and newer chassis for the tank.

One of the most important things we have to keep in mind is an alarm system. In the very near future we will have the dial telephone system. As our present system is word of mouth, that is, call operator, operator calls men. As one can see the present system would be out. The way it looks to me, the town of St. George will always have a Fire Dept. so again I say we should be prepared.

The above mentioned are not musts, but should have our very thoughtful and serious consideration, as they will be in the very near future.

The St. George Volunteer Firemen's Association still continues to be beneficial to the town. This year they should be able to have the resuscitator they are working for.

I want to thank the people of the Town for their aid and support to the Fire Dept. Your willingness to aid has kept our fire loss to a minimum. Continue to report any fire or smoke, so the Fire Dept. can answer the call promptly to suppress or investigate same.

Respectfully submitted,

GEORGE FAY

Fire Chief

## Superintendent of Schools Report

To the Superintending School Committee and Citizens of St. George:

I am submitting, herewith, my sixth annual report as your superintendent of schools.

When school opened in September several changes in teaching personnel were evidenced in the high school. Mr. Clayton Hunnewell, who has devoted many years to the administration and teaching of boys and girls in the high school, resigned his position at the completion of the school year in June. Mr. Dana Smith was elected as principal and teacher to replace Mr. Hunnewell. Mr. Bernard Staples was elected teacher of English to replace Mr. Hadden who resigned to further his education at Columbia University. Mrs. Sara Anderson replaced Mr. Arthur Frieder as teacher of Commercial Subjects. Mr. Raymond King and Mrs. Lucille Gledhill resumed their respective teaching positions at the Lillius Grace Institute. The entire elementary staff returned to take up teaching duties. I am pleased to report that pupil progress has been noted at both the elementary and high school levels this past year.

In September of 1957 the following grade enrollments were noted:

<b>Grade</b>	<b>1</b>	<b>2</b>	<b>3</b>	<b>4</b>	<b>5</b>	<b>6</b>	<b>7</b>	<b>8</b>	<b>9</b>	<b>10</b>	<b>11</b>	<b>12</b>
<b>Pupils</b>	39	22	35	28	29	32	32	16	32	20	15	13

It is apparent from these enrollments that grades, other than the first one, are of such number as to en-

## Annual Report, Town of St. George, Maine

---

able good classroom procedures without a large per pupil-teacher ratio. The large entering freshman class has been grouped to allow two classes of industrial arts.

Your School Committee is requesting your consideration of an added position at the high school to better meet the needs of the boys and girls taking the general high school course. Inasmuch as the burden of teaching the academic subjects rests on two teachers in the high school this added position would make possible the separation of English classes in the first grades of high school and additional courses in social studies. It will alleviate, somewhat, the teaching schedule of the principal and give him time to use on guidance.

Your school costs, like other Maine communities, have risen steadily over the past few years. You should give serious consideration to weighing the cost of high school education against the type of program which the costs are providing. By 1960 high schools will be both approved and accredited. In order to meet the standards for accreditation many curriculum improvements and extra services would be needed. It would be unwise, in my opinion, for the Town to consider the additional expense to attempt to reach the accreditation goal. I recommend, therefore, your consideration of exploring the possibilities of an Administrative Unit, the purpose of which is to pool resources of several towns to attain a better quality of educational program for our youth. Such studies are now being carried on all over Maine. Your Administrative Officers are now engaged in such a study in the Thomaston area. I urge you to give all assistance in this study and for you to take an active part in the delibera-

## Annual Report, Town of St. George, Maine

---

tions in order that you may be aware of the full impact of the New Sinclair Bill for Education.

During the past year pupils at the high school level have had the privilege of again partaking of both the Industrial Arts and Home Economics programs provided at the Lillius Grace Institute. The gradual expansion in the curriculum of the Industrial Arts is helping to enrich the high school program.

The school lunch program has been operated most efficiently this past year. An average number of over 200 have taken advantage of the fine meals. Both a deep freeze and milk cooler are part of the new equipment in this department.

Your net school appropriations requested for 1958 reflect a very small increase over the net appropriations of 1957. A sizeable overlay because of additional State School Funds has made this possible. By 1959 appropriations will reflect a sizeable increase. Some part of this may be absorbed by some increases of funds from the State.

The new school was completely furnished with new tubular steel furniture this past year. One portion of the high school building received two coats of paint. The requested appropriation for repairs and equipment will enable your Committee to paint more of the high school, exterior and interior, place new furniture in the seventh and eighth rooms, paint the exterior window area of the new school, and make such minor repairs as are necessary.

Following the school financial report you will please note an itemized account of the recommended school budget for 1958.

## Annual Report, Town of St. George, Maine

---

At this time I wish to take this opportunity to express my thanks to the members of the Superintending School Committee for their fine co-operation this past year. I should also like to thank all who have in any measure contributed to the success of this past school year.

Respectfully submitted,

KEITH L. CROCKETT  
Superintendent of Schools

Dana A. Smith	Prin., Math., Science and Civics	6
Bernard Staples	English and French	6
Mrs. Lucille Gledhill	Home Economics and History	7
Mrs. Sara Anderson	Commercial	2
Raymond King	Manual Arts	22
Harlan H. Bragdon	8th Grade	31
Orel Ward	7th Grade	2

## Annual Report, Town of St. George, Maine

---

For many years high schools have attempted to retain as many of the entering students as possible, in hopes that they would attend until their graduation. Now the schools are faced with the demand that they raise their educational standards in order to produce a graduate capable of participating in a society which is rapidly becoming more complex, both scientifically and politically. These two objectives are highly desirable, but when put in operation, they tend to oppose each other.

When our society demanded that more students be given more education some high schools responded by offering courses adapted to the needs and abilities of those students who were potential drop outs. The lowering of academic standards was the easy way out for almost all high schools. The college preparatory courses were retained, but watered down to meet the ability of the student whose formal education would terminate at his graduation from high school. Such students require better teaching, therefore more stress was placed upon the teacher becoming a good teacher, while the good student was allowed to become a poor learner.

With the launching of Sputnik 1, the educational critics have found the public even more sympathetic to their argument that our educational system is not what it should be. The government is taking steps to further the education of the superior student through scholarships. Our own state is encouraging the development of schools which are large enough to provide a broad course of study and still maintain proper standards of achievement. The demand on schools that they improve scholastically is evidently here to stay.

I believe we have made some progress towards

## Annual Report, Town of St. George, Maine

---

achieving these ends here at St. George this year. The members of the faculty have been co-operative in demanding that students make suitable progress before being advanced to the next level. If we are to be successful, parents, students and teachers will have to realize that even though the raising of standards will result in poorer rank cards and some hurt feelings, we should not forget the whole thing and let some other high school in some other town do the job.

Teachers will have to be more aware of the difference between grading for achievement and grading for effort. In the past, schools were prone to give a good grade (at least, passing) to the student who made considerable effort, regardless of his achievement. We will have to face realistically the fact that some students have not learned enough of the material presented to go on to the next level of learning, regardless of their age or effort.

One of the biggest obstacles in all high school programs is the reading problem. This is not necessarily the fault of the elementary education, but is more apt to be due to the fact that it is possible for most students to complete their elementary education even though their reading level is that of the 6th or 7th grader when they finish the 8th grade. The advanced nature of most high school courses give them trouble, and yet they probably should not be forced to go back to the 8th grade after spending half a year or more as Freshmen. If we are to get these students through high school here at St. George, we will have to reorganize our English and Social Studies programs. An English teacher cannot teach a class of students whose reading levels range from grade 12 down to

## Annual Report, Town of St. George, Maine

---

grade 6 and do very much for the students at either end of that range. We can do very little in the way of reorganization without an additional teacher who has been prepared to teach social studies and can teach a general course in English for those students whose education will terminate in high school.

We have participated in all Medomak Valley League events this year, with the exception of basketball, and expect to continue to do so. Included thus far have been cross-country, girls volleyball and the spelling contest. Coming up will be baseball, girls softball, the one-act play contest and the track meet.

The band practices twice a week. The girl members participate in the All Girl Band in Rockland in preparation for a concert later this spring. A concert was held here in St. George last fall and we will participate in the music festivals in the spring.

A radio club, which is quite active, and a French Club have been organized. Rehearsals for the senior play are being held at this time and the yearbook is in the process of being printed.

We have the same problem as do other schools concerning extra-curricular activities. When educators decided that if extra-curricular activities were worth having they were worth putting in the schedule with the rest of the curriculum, they neglected to extend the school day to allow for them and merely tucked them into an already crowded schedule. We should now either put them back outside the regular schedule to be carried on after school or extend the school day to include them.

## Annual Report, Town of St. George, Maine

---

At this time, I would like to thank those parents who are assuming at home their share of the responsibility for making their children do the best work of which they are capable, and those citizens whose moral and financial support encourage improvement of their schools.

Respectfully submitted,

DANA A. SMITH

Principal

## Auditor's Report

March 22, 1957

Board of Selectmen  
St. George,  
Maine

Gentlemen:

In accordance with Chapter 91, Section 142 of the Revised Statutes of 1954, an audit has been conducted of the financial records of the Town of St. George for the fiscal year ended January 31, 1957.

The examination was made in accordance with generally accepted auditing standards that pertain to governmental accounting and was conducted by Auditor R. G. Redman of the State Department of Audit. Audit analysis was on a basis consistent with that of the preceding year, and included all procedures which were considered necessary in the circumstances.

Insofar as could be ascertained within the scope of the examination, the financial transactions of the Town were appropriately handled, with such exceptions as may be noted in the accompanying comments.

The financial and statistical sections, incorporated in this report, present the results of the Town's financial operations for the period indicated.

Respectfully submitted,

MICHAEL A. NAPOLITANO

State Auditor

## Annual Report, Town of St. George, Maine

---

### COMMENTS

#### Town of St. George

February 1, 1956 to January 31, 1957

An audit of the financial records maintained by various officers of the Town of St. George has been completed for the fiscal year ended January 31, 1957.

The examination included a review of cash transactions and an analysis of available funds and expenditures. The results are incorporated in the following text, exhibits and schedules pertaining to the fiscal affairs of the town.

The fiscal year's operations showed that expenditures exceeded available funds to the extent of \$1,919.19, per the following summary:

Departmental Operations:	
Overdrafts	\$5,618.54
Unexpended Balances	3,699.35
	<hr/>
Net Overdrafts	\$1,919.19

Overdrafts were reflected in the contingent, snow removal and the abatement accounts. The overlay and the unappropriated balance of excise taxes were factors contributing to the net overdrafts.

#### Assets

The cash balance of \$16,367.86 was reconciled with a statement furnished by the Knox County Trust Company, Rockland, Maine and a savings account passbook of the same bank. A count of cash was made at the date of audit and reconciled with the closing balance.

Other assests were reviewed and verification undertaken to determine their correctness. Unpaid accounts were reconciled with the balances shown on the records of the selectmen.

Investments in the amount of \$6,750.00 represent-

## Annual Report, Town of St. George, Maine

---

ing U. S. Savings Bonds matured during the year. This amount, with interest earnings of \$16.87, is on deposit as a savings account at the Knox County Trust Company, Rockland, Maine.

### Reserves and Surplus

The appropriation accounts reflect a net unexpended balance of \$11,554.08. This amount represents various operating account balances and an overdraft that are carried forward to the ensuing year in accordance with legal requirements and/or customary practice.

The unappropriated surplus amounted to \$19,232.14, a decrease of \$1,433.80 for the year. This change was occasioned principally by the excess of expenditures over available funds.

### Debt Fund

The debt fund, incorporated in the statement of financial condition as a separate fund, reflects the outstanding elementary school bonds of \$48,000.00, which are to be retired from revenue of future years.

### Trust Funds

The total amount of trust fund principals was \$17,942.64 and unexpended income amounted to \$823.36 at the year end. These amounts were represented by investments of \$12,892.05 and time deposits of \$5,873.95.

### Departmental Accounts

The review of departmental operating accounts revealed an increase of \$4,024.07 in funds raised by taxation, as compared with the previous year. This change was reflected principally in the fire equipment, general school and overlay accounts. Decreases in the highway and debt retirement accounts were also factors.

The departmental balances carried forward to the

## Annual Report, Town of St. George, Maine

---

ensuing year increased by \$2,809.44, as compared with the balances at the start of the year. This increase was reflected principally in the protection, highway and charity accounts.

### General

At the annual town meeting held March 12, 1956, the inhabitants of the town voted to enter into a rental contract with the Maine School Building Authority for the construction of a new school. Bonds of the Maine School Building Authority of \$75,000.00, which were issued for this purpose, are to be retired from rental received from the town in the amount of \$3,750.00 annually plus interest. The agreement also requires payment by the town for insurance coverage and a proportionate part of the administrative expense incurred by the Authority.

The examination of the town clerk's records, as pertained to financial operations, revealed that the townspeople had authorized the issuance of bonds totaling \$48,000.00, the proceeds to be used for financing a part of the construction cost of the new elementary school building.

The transfer of excise tax revenue to various highway accounts was also authorized.

The internal control and accounting procedures of the several departments of the town were reviewed. As a result, certain recommendations concerning matters of minor concern were submitted directly to the selectmen for their attention.

### Scope of Audit

Count of cash was made and records checked to determine the accuracy of recording cash transactions. The system of internal control was reviewed as pertained to the handling of cash and other matters of financial concern. External verifications were utilized, on a test basis, to determine the correctness of recorded assets.

## Annual Report, Town of St. George, Maine

---

An analysis was made of the receipts and deposits as well as expenditures and bank charges. Vouchers, payrolls and canceled checks were examined for a selected period. Excise tax collections were verified, on a test basis, with copies of the receipts retained by the collector.

Trust fund transactions were reviewed and investments verified by physical inventory or bank confirmation. The records maintained by the Superintendent of Schools were not examined, however, his report of balances was on file and found to be in agreement with the records of the selectmen.

Various laws pertaining to the fiscal operations of the municipality were reviewed to determine that related financial transactions had been properly administered. Bond coverage was examined.

Included in this report are exhibits and schedules pertaining to the financial status of the town. Audit procedures were followed to the extent deemed necessary to develop these statements.

It is believed that the accompanying statement of financial condition and supporting statements present fairly the financial position of the town at January 31, 1957, and the results of its operations for the year then ended.

Annual Report, Town of St. George, Maine

## 1958 Annual Report of Public Health Nurse for St. George

As people in Maine have become aware of the need for health programs in their communities, towns routinely appropriate and support the Public Health Nursing Services.

The objectives of these services remain the same, preventing disease and defects in so far as possible, improving the health of individuals and directing those with health problems to a source of help.

The public health nurse gets into the homes, into the schools, and meets with groups such as the St. George Health Committee. She is constantly in touch with the physicians, clinics, and persons contributing to the health services and assist in some of these on the state level. The programs are flexible and planned to meet the needs of the community.

I am happy to report I have had the full support of parents, members of the Health Committee, and school personnel during this past year. Together we have completed our objectives for the year.

Three Child Health Conferences were held for infants and pre-schoolers, with a total attendance of ninety-one. The school immunization clinics were held and five clinics for physical examinations of students in grades two, five, eight, and ten, totaling one hundred and one. This year only a small number of the sophomores took advantage of this opportunity. Blood pressures were taken in grades eight and ten and urine tests were offered

## Annual Report, Town of St. George, Maine

in the four grades, for sugar and albumin. One hundred and fourteen children from infants through high school received completed immunizations and boosters against polio, diphtheria, tetanus, whooping cough, and smallpox. Dr. Mustafo Onat, town physician, did the medical work in the clinics. Five grades received audiometer tests for hearing by members of the Health Committee. Re-tests and follow-up on defects are being done by me. At least four children, so far, have improved hearing following operations. Others are receiving medical care. Tuberculin tests have been arranged for and referrals to chest x-ray clinics made.

Persons now living here from out of state have related how much better our health services are than where they came from. This may be one reason why our Maine folk live so long. Why not?

MRS. ADA AMES

Public Health Nurse  
Department of Health and Welfare

## Fire Chief's Report

This year the following calls were answered:

Grass Fires	5
Chimney Fires	6
House Fires	4
Dump Fires	4

Burning Permits issued	76

Burning permits must be obtained from the Fire Chief when there is no snow on the ground. These permits may be cancelled at any time by the Fire Chief, Fire Commissioners, or by direct order of the State Forestry Service.

This year we should purchase 1500 feet of hose. Of this, 1000 feet should be 2½ inch, and 500 feet would be 1½ inch. At present we have 500 feet of 2½ inch hose and 500 feet of 1½ inch hose on the Mack pumper. Hose, as you know, cannot last forever.

With the exception of the 1000 feet of hose mentioned above, the rest of the hose is sixteen (16) years old. The booster hose was renewed last year, and in 1949 we purchased 500 feet of 1½ inch hose from a Navy Surplus Store. At the time of the purchase the age of the hose was not known.

Another important purchase we should make this year is a new chassis for the tank. The present truck and tank were donated to the Town by the St. George Volunteer Fireman's Association. It has served its purpose well.

## Annual Report, Town of St. George, Maine

As the chassis is a 1938 Ford, third hand, its usefulness has passed. At the present time it is very dangerous to operate, as it has mechanical brakes, bulb headlights, etc. In a good many cases the water in the tank has been the only supply that was available. Any make 1½ ton chassis would improve the situation very much.

We are all aware that dial telephones will be installed this year (1959). This will change our present alarm system. We will no longer be able to call the operator, who in turn calls the Chief and the men. Something must be done to take the place of this. It has been suggested to use the RED PHONE NETWORK. At a special Town meeting it was voted the same. This subject will be brought up at our regular Town meeting.

In my opinion, at least seven (7) phones are needed. Two (2) would be placed in a home, store, etc., where there will always be someone present, one in Port Clyde, one in Wileys Corner, one in the Chief's house, one in the Assistant Chief's house, and one in the Firehouse. You understand, that this is my opinion and can be changed to meet the Townspeople's needs.

The possibility of having an alarm, horn, etc., installed should be talked over and acted upon. As the RED PHONE NETWORK and an alarm system go together to be most efficient, we should give this our thoughtful consideration.

I realize that the above mentioned will cost the taxpayers money. What are we to do if we want to keep our Fire Department as efficient as it is now? We must keep our present equipment in the best of shape by replacing all old and obsolete articles used to fight fires, and to purchase what is needed to keep up with the changing times.

## Annual Report, Town of St. George, Maine

As the St. George Fire Department consists almost entirely of the St. George Volunteer Fireman's Association members, I find it fitting to make a report on their contributions to the Town in the past year. Their main contribution, is the free ambulance service. Since 1956, the year it was put into service, to the year 1959, eighty-nine (89) calls were answered. This saved the citizens of the Town about \$3,000.

This year they are striving to raise funds for a new ambulance. We should give them our wholehearted support. Also, this year they have purchased a resuscitator, and a new cot for the ambulance.

They have painted the Firehouse in and out and made improvements in the office by the installation of a new set of cupboards. Another good thing is a blown up map of the Town of St. George. On this map, all the water holes are listed as to their location and useability. All the labor and most of the materials were supplied by them.

Although our fire calls were few this year, we have no control over what the future may bring. The citizens of the Town deserve a lot of the credit, because over the years they have become more and more fire conscious.

I would like to express my thanks for your co-operation and support to the Fire Department. As you see, your willingness to aid has kept our fire loss to a minimum. Please continue to report any fire or smoke, so the Fire Department can answer the call promptly to suppress or investigate same.

Respectfully submitted,

GEORGE F. FAY

Fire Chief

## Report of Superintendent of Schools

To The Superintending School Committee and Citizens of  
St. George.

On September 2, 1958 the following grade enrollments were noted:

Grade	1	2	3	4	5	6	7	8	9	10	11	12
Pupils	26	40	27	36	34	41	31	28	15	31	20	13

Another way of looking at these figures is to take totals. In the Elementary School there are 204 pupils. This would give an average pupil-teacher load of 34 children per teacher in grades One through Six. This means that some of your class rooms are crowded and thought should be given to the division of some of the large classes. In the elementary grades, one through eight, there are 263 pupils giving an average teacher-pupil load of 33.

This year's high school enrollment is 79. The Senior Class has 13 and next year's Freshman Class has 28, so the enrollment should jump to approximately 94. Here again some thought should be given to adequate classroom space. The science class-room is inadequate making it necessary to have two periods for a specific class. In a small school having only four class-rooms there is a great deal of difficulty in scheduling double periods for a class such as Chemistry.

The St. George High School faculty was increased this year by one teacher. The teacher was added to make it possible to have a double class in English for each

of the grades in high school. One class being of the college level and the other General English.

In the fall when school resumed the following teachers were employed to teach: Mr. Dana Smith, Principal and teacher of Mathematics and Science; Mr. Warren Loveless, French and English; Mr. Gerald Less, Social Studies and English; Mr. Robert Tremblay, Commercial Subjects; Mr. Raymond King, Industrial Arts; Mrs. Lucille Gledhill, Home Economics and General Mathematics; Mr. Harlan Bragdon, Grade 8; Mr. Orel Ward, Grade 7; Mrs. Aune Bragdon, Principal of the Elementary School and teacher of Grade 6; Mrs. Adrea Thorbjornson, Grade 5; Mrs. Glendora Ward, Grade 4; Mrs. Lelia Armstrong, Grade 3; Mrs. Arlene Holman, Grade 2; Mrs. Esther Frieder, Grade 1; and Mr. Vere Crockett, Band.

Last September, Mr. Arnold McKenney, State Director of Industrial Education, Mr. Whitney Wheeler, of the Lillius Grace Institute, Mr. Dana Smith, Principal of St. George High School and I met with Mr. Raymond King, teacher of Industrial Arts at the Lillius Grace Institute to study the needs of the Institute and to make recommendations as to the equipment and the program of instruction. As a result of that meeting a new drill press and a new compressor were purchased to be used in the Sheet Metal Shop which is being outfitted in the basement. It was brought out at this meeting that a new furnace was to be installed in the Industrial Arts Building and this has since been done. The findings of this group were that Mr. King is teaching the boys a varied program including the basic experience in wood working, electricity, sheet metal and internal combustion engines is to be added. This is the type of a program recommended by the State Department of Education.

## Annual Report, Town of St. George, Maine

New desks were purchased for the seventh and eighth grades. The interior of the Main Room in the High School building was painted, giving it a much lighter atmosphere than before. Mr. Fay scraped and varnished many of the older desks improving their appearance and use. At the beginning of the school year both of the buildings were clean and in good condition. Flood lights were installed on the grounds of the elementary school. Meetings, in the evening, being held at the new school determined the need of these lights.

The pole for the lights plus the poles for the basketball backboards were donated and erected by the New England Telephone and Telegraph Company.

The School Lunch Program has been operated economically giving the children the benefit of variety, nutritious food and a well balanced meal. The school lunch personnel should be complimented for the job which they are doing. Few schools in the State have continued to serve lunches for 25c. As a result when the cost of school lunches are raised those children most in need are often deprived. By your aid of \$300.00 to the School Lunch Program you have greatly aided your children.

The Superintending School Committee is concerned by the lack of adequate class-room space for the children. There are so many desks in some of the class-rooms that there is very little space for teaching. The high school is in need of more class-rooms, yet there are none available. The State Department of Education has initiated in law that a sub-primary for the children be one of the requisites for an Administrative District. If, it benefits the children of the Administrative District then it certainly would benefit the children of St. George. These are some of the problems the School Committee

have been discussing and trying to solve.

Last year St. George entered into studies of the proposed Georges River Administrative District; This failed when Thomaston decided that they wanted to enter into Administrative District No. 5 with Rockland, Owls Head and South Thomaston. This year the Superintending School Committee made application to enter School Administrative District No. 5. On February 3, 1959 the School Administrative District Commission approved the plan where-by five towns; St. George, Cushing, Thomaston, Rockport and Warren; or any of these towns may receive the recommendation of the Commission if they at a town meeting supply an affirmative vote showing that they positively do want to gain admittance to District No. 5, which is presently of Rockland, Owls Head and South Thomaston. The purpose of this arrangement is to allow each town to demonstrate that it as a town does desire entry into District No. 5. If one town votes in the negative its name will be dropped from the list of recommended towns when the bill is presented to the Legislature for approval there-by losing its chance to gain admittance to the district at this time. The purpose of doing it in this manner is to protect towns genuinely interested in joining District No. 5 from losing their chance of admittance by a negative vote from a disinterested town.

Of all the towns concerned now trying to enter into this School District, St. George would benefit most. It will dispense with the need for additional construction. It will provide the schools with special teachers and specialized facilities, thus providing a program of instruction that is otherwise impractical for one town alone. The financial cost is always a very pertinent point of considera-

## Annual Report, Town of St. George, Maine

---

tion, especially, at the time of the annual town meeting when everyone is interested in keeping the tax dollar at a minimum. At the time of this writing, a preliminary study has been made. This study showed that in any combination of towns in the district that St. George would pay approximately ten thousand dollars more or less for the operation of its schools. In considering the town's indebtedness the present indebtedness is \$149,080.00. In a district the town's indebtedness would be reduced to approximately \$60,000.00. The children would benefit greatly educationally and the tax payer would derive more from his tax dollar.

On behalf of Superintendent Crockett and myself, I wish to thank the Superintending School Committee for its fine co-operation this past year. I should also like to thank all who in any way has contributed to the success of this past school year.

Respectfully submitted,

NORMAN W. MOULTON

Superintendent of Schools

## Report of The High School Principal

To the Superintending School Committee and the Town of St. George:

I hearby submit my second annual report of St. George High School.

### Present Enrollment

Class	Boys	Girls	Total
Seniors	9	4	13
Juniors	8	11	19
Sophomores	21	9	30
Freshmen	5	10	15
8th Grade	20	11	31
7th Grade	12	20	32
	—	—	—
Totals	75	65	140

Since beginning of the school year:

Drop outs: 1

Transfers to other schools: 3

Transfers from other schools: 6

Drop outs during summer: 2

The major change in the high school program has been the addition to the faculty of another teacher. This has permitted the division of the English classes and the students are now grouped, as far as possible, according to their interests and abilities. Narrowing the range of reading abilities present in any class has enabled the teachers to accomplish more than they could have un-

der the former conditions. We now have courses designed for those students who are not interested in the college preparatory courses nor in the commercial courses. This should increase the holding power of the high school and enable more students to attend until graduation.

The present enrollment of 140 is 19 over that of last year at this same time. The present small Freshman class will keep the school from reaching its maximum enrollment during the next three years. The estimated next year is 150 (90 in the upper four grades), and 160 for the following year. From then on, the number of students in the upper four grades will seldom fall below 100, with another 55-60 in the 7th and 8th grades.

Consideration should be given as to the effects of the growing school population. There will be little difficulty in finding seating accommodations for these students. The problems will arise as the students attend their various classes. Thirteen is about the maximum number that can be working in the shop at one time. The present sophomore class has been split in two shop division for two years. The same will have to be done with the present 8th grade next year. Home economics is limited to even fewer girls per class. As girls have been in the minority here, there will not be two divisions of any class in home economics until the present 7th grade reaches high school. Typing is limited to a dozen students per class. The estimated enrollment for chemistry next year is 30. The laboratory will be crowded even if this group is divided into two divisions. It has never been possible to teach Biology in the laboratory because of large classes. The extra courses we are able to teach by alternation with others (chemistry, physics, etc.) may have to be taught every year or dropped entirely in the near future.

## Annual Report, Town of St. George, Maine

We solved some of our problems this year with the additional teacher and using the laboratory as a regular classroom. The same solution cannot be applied to our growth problems, as we no longer have extra classrooms in which to put more teachers.

Respectfully submitted,

DANA A. SMITH

Principal

## Auditor's Report

March 28, 1958

Board of Selectmen  
St. George,  
Maine

Gentlemen:

In accordance with Chapter 91, Section 142 of the Revised Statutes of 1954, as amended, an audit has been conducted of the financial records of the Town of St. George for the fiscal year ended January 31, 1958.

The examination was made in accordance with generally accepted auditing standards that pertain to governmental accounting and was conducted by Auditor R. G. Redman of the State Department of Audit. The audit analysis was on a basis consistent with that of the preceding year, and included all procedures which were considered necessary in the circumstances.

Insofar as could be ascertained within the scope of the examination the financial transactions of the Town were appropriately handled, with such exceptions as may be noted in the accompanying comments. Recommendations are offered which are believed worthy of consideration.

The financial and statistical sections, incorporated in this report, present the results of the Town's financial operations for the period indicated.

Respectfully submitted,

MICHAEL A. NAPOLITANO

State Auditor

## COMMENTS

### Town of St. George

February 1, 1957 to January 31, 1958

An audit of the financial records maintained by the various officers of the Town of St. George has been completed for the fiscal year ended January 31, 1958.

The examination included a review of cash transactions and an analysis of available funds and expenditures. The results are incorporated in the following text, exhibits and schedules.

The fiscal year's operations showed that available funds exceeded expenditures by \$1,026.92, per the following summary:

Departmental Operations:

Unexpected Balances	\$6,216.92
Overdrafts	5,190.00

Net Unexpended Balances	\$1,026.92
-------------------------	------------

The unappropriated balance of excise tax revenue, the overlay, supplemental taxes and the unexpended balance in the doctor's bonus account were the principal factors contributing to the excess of available funds over expenditures. Overdrafts were reflected for the most part in the town poor and abatement accounts.

### Assets

The cash balance of \$16,097.32 was reconciled with a statement furnished by the Knox County Trust Company, Rockland, Maine and a savings account passbook of the same bank. A count of cash was made at the date of audit and reconciled with the closing balance.

## Annual Report, Town of St. George, Maine

Other assets were reviewed and verifications utilized to determine their correctness at the year end. Unpaid accounts were reconciled with the balances shown on the records.

### **Liabilities**

General fund liabilities totaled \$959.78 which for the most part represented unpaid employees' salaries.

### **Reserves and Surplus**

The appropriation accounts reflect an unexpected balance of \$10,042.16 at the year end, representing various operating account balances that are carried forward to the ensuing year in accordance with legal requirements and/or customary practice.

The unappropriated surplus amounted to \$13,628.67, a decrease of \$5,603.47 for the year. The change was occasioned principally by the authorized transfer of general fund investments totaling \$6,766.87 to establish a sinking fund for the retirement of bonded indebtedness. The excess of available funds over expenditures was also a contributing factor to this change.

### **Debt Fund**

The debt fund, incorporated in the statement of financial condition as a separate fund, reflects the outstanding elementary school bonds of \$46,000.00. The bonds are to be retired from future years' revenue and sinking fund investments.

### **Trust Funds**

The total amount of trust fund principals was \$18,186.70 and unexpended income amounted to \$938.37 at the year end. These amounts were represented by investments of \$12,892.05 and time deposits of \$6,233.02 in various banks.

### **Departmental Accounts**

A review of departmental operating accounts revealed an increase of \$14,153.75 in funds raised by taxation as compared with the preceding year. A larger appropriation for educational purposes was the principal factor contributing to the change.

The departmental balances carried forward to the ensuing year decreased by \$1,511.92, as compared with balances at the start of the year. The decrease was reflected principally in the protection and charity accounts.

### **General**

The review of the town clerk's records revealed that the townspeople authorized the use of excise tax revenue for various highway purposes. A transfer of one unit of the state aid road appropriation to the town road improvement fund account was also authorized by the voters. The unexpended departmental balances brought forward from the preceding year were reappropriated at the annual town meeting.

It is suggested that all asset, liability and operating accounts be contained in the general ledger. The ledger should be posted currently and trial balances taken at least monthly. The distribution record of expenditures

## Annual Report, Town of St. George, Maine

should be reconciled monthly with the warrants issued. These procedures would aid materially in keeping audit costs at a minimum.

It is also suggested that the treasurer's warrants bear the written approval of at least a majority of the board of selectmen before issuance of checks for payments.

The internal control and accounting procedures of the several departments were reviewed. As a result, certain recommendations concerning matters of minor concern was submitted directly to the selectmen and treasurer for their attention.

### **Scope of Audit**

Count of cash was made and records checked to determine the accuracy of recording cash transactions. The system of internal control was reviewed as pertained to the handling of cash and other matters of financial concern.

External verifications were utilized, on a test basis, to determine the correctness of recorded assets and liabilities.

Trust fund transactions were examined. The securities were verified by physical count and the savings account balances were verified by bank confirmation.

An analysis was made of the receipts and deposits as well as expenditures and bank charges. Vouchers and cancelled checks were examined for a selected period.

Excise tax collections were verified with the copies of the receipts retained by the collector. Education account balances were verified with a report of the Super-

## Annual Report, Town of St. George, Maine

intendent of Schools. Bond coverage was reviewed.

Various laws pertaining to the fiscal operations of the municipality were reviewed to determine that related financial transactions had been properly administered.

Included in this report are exhibits and schedules pertaining to the financial status of the town. Audit procedures were followed to the extent deemed necessary to develop these statements.

In our opinion, the accompanying statement of financial condition and supporting information present fairly the financial position of the town at January 31, 1958, and the results of its operations for the year then ended.

Building Fires	8
Chimney Fires	13
Brush and Grass	10
Dump Fires	3
Emergency other than Fire	29
Drills	17
Inspections	1

---

Total runs made by Department 81

2 Building Fires answered by Mutual Aid Departments

92 Burning permits issued

I wish to take this opportunity to thank the people of the Town of Saint George for their efforts in keeping our fire losses to a minimum; also in your promptness in reporting fires of all types. It is only by prompt reporting of a fire that your Department can operate effectively.

When reporting a fire, dial FR 2-6345 giving your name and location, as well as type of fire clearly.

Fire prevention is one thing we all should practice, not for one week, but all year. A lot could be done in our homes to make them safer from fire, and a check list for this purpose may be obtained from your Fire Department.

We feel that much has been accomplished within the department this past year. A newer chassis for the tank truck was purchased and put into immediate

## Annual Report, Town of St. George, Maine

use. A great deal of work was done by the volunteers in transferring the tank, pump, hose and lights, in addition to having same lettered.

Two badly needed red blinking lights were installed on the rear of Engine No. 1, which were donated by the volunteers.

Two State Fire Schools have been completed with further courses to be taken this year. Many hours and a great deal of effort have been given by our men and to them my sincere thanks. Our courses consisted of pump operation and fire tactics, and through the efforts of the volunteers we were able to have buildings, car, oil stove, mattresses and overstuffed furniture to burn. This enabled the men to have the actual fire and learn the proper way to handle them without any guess work, cutting fire and water damage to a minimum. Also, in getting the proper water streams and pressure with the least effort on the pump, this saved unnecessary wear and tear on equipment. However, it was regretful that more were not interested in attending these schools. The department is in great need of more men to attend drills and schools, so as to combat fires more efficiently. This can only be done by properly trained men.

A surprise fire drill was had at the Elementary School, which was very successful. Two hundred pupils and teachers vacated the building in an orderly fashion in 35 seconds. At this time material was distributed amongst the pupils pertaining to Fire Prevention. Several drills will be held with both schools this year.

There is indeed an urgency for necessary equipment by the department. One rain coat does not keep many bodies dry and not less than six regulation coats

should be purchased. The apparatus lacks for many things, such as, pike poles, Indian tanks which are fast rusting out. There should at least be purchased six of these tanks, preferably of brass material as in the long run it would prove cheaper. Presently we have six brass tanks which are as good as new. We need more of size 2½" and 1½" hose, as we are still using hose is seventeen years old, having two different type threads. At least two more fog nozzles of the smaller size should be had, in addition to roof and extension ladders. Those we now have are too short in many cases. There should be a larger portable pump for the tank truck as the one we now have will not throw an effective stream, nor will it give an adequate fog pattern. Most of all it is too small for relay work, which should be done at most fires. (Tank Pump 50 G. P. M. —Mack Pump 500 G. P. M.) A pump with at least a delivery of 100 G. P. M. is needed. The pump on the Mack is in need of repair as one discharge gate locks under the slightest pressure, and pressure has to be applied before any gate may be opened. The pressure has to be applied before any gate may be opened. The pressure governor is inoperative as well as pressure and vacuum gage. Obtaining water from draft is guess work and most times luck. I have checked into the repair cost of the pump and it will come to about \$2500.00. This work has got to be done or we will be without a pumper in the near future.

These are only the important things we are up against, therefore, I recommend prompt action for these defects in your Fire Department.

The Volunteer Firemen Association wishes to thank the people of the Town of Saint George for their outstanding support to the ambulance. They find it

## Annual Report, Town of St. George, Maine

very rewarding for all their hard work and time, to have you folks behind them all the way. A great goal has been accomplished in raising funds to purchase a newer ambulance. Thirty-six trips were made this past year; totaling over 1411 miles traveled, and 164 man hours put in. The total funds raised for the year was \$2,078 with a total cost of operation amounting to \$2,021.30. Your continued support is needed as this is a costly operation for such a small organization.

Respectfully submitted

ALFRED J. CHADWICK

Fire Chief

## Annual Report of Public Health Nursing Services

### In the Town of St. George for the Year 1959

At the year's end it is again appropriate to give you an account of public health nursing services in your community for the year 1959.

Your public health nurse submits the following summary of public health nursing services in your community for the year 1959:

Visits made to St. George	30
Visits made to Schools	11
Number of Home Visits made:	
Maternal	10
Infant	40
Pre-school	11
School	21
Adult	20
Crippled Children	5

Diphtheria	44
Tetanus	44
Whooping Cough	26

MRS. ADA W. AMES

Public Health Nurse

## Report of The High School Principal

To the Superintending School Committee and the Town of St. George:

I hereby submit my third annual report of St. George High School.

### Present Enrollment

Class	Boys	Girls	Total
Seniors	5	9	14
Juniors	20	7	27
Sophomores	3	9	12
Freshmen	17	9	26
8th Grade	14	20	34
7th Grade	13	17	30
	<hr/>	<hr/>	<hr/>
Totals	72	71	143

Since beginning of the school year:

Drop outs: 8

Transfers to other schools: 9

Transfers from other schools: 5

Although this enrollment shows an increase of only 3 students over last year at this same time, the enrollment problem is still with us and due to increase. The large number of transfers and drop outs this year and last summer has kept the enrollment down, but a total of 160 students have registered at the high school at one time or another, 90 of these in the upper four grades. An increase of at least 10 should be planned for next year.

## Annual Report, Town of St. George, Maine

The school is more departmentalized this year, with one teacher handling both sciences in the 7th and 8th grades, the high school social studies teacher the 8th grade social studies, and the 8th grade teacher the Freshman English and the 7th grade math.

Five students are enrolled in the math and science television courses conducted by the State Dept. of Education. These courses are part of a research project in the field of Educational TV, so cannot be relied upon as part of our curriculum next year, no matter what their success may be.

The extra curricular program is much the same as last year. The band meets twice a week and the dance band once, the latter providing an additional program for the better players. The birthday calendar project of last summer provided us with extra funds for the band program. Some of these funds have been used for music and minor purchases, but we hope to hold a good amount in reserve for the purchase of used instruments which can be loaned to beginning students. A drum outfit has been purchased for the dance band and a rythm band is on order for use in the elementary school, where the band program has to get its start.

Mr. Tremblay is continuing his work started last spring with a chorus of over 30 members, meeting once a week. The Radio Club, under the supervision of Mr. Loveless, is still one of the more successful activities. Classes in ballroom dancing are being sponsored at the elementary school by the student council, with almost 50 students in attendance.

The pressures of college entrance requirements are beginning to be felt. This year, the students who have

applied for admission to the University of Maine have been required to take the Scholastic Aptitude Test, part of the College Board examinations. The University informs us that they will not require a specific minimum score on that test, but a low score will cause them to review thoroughly the high school record of the student. As many colleges use this method, or even stricter ones, for acceptance of students, the situation is becoming increasingly competitive, with those students from the larger, better departmentalized high schools having a decided advantage. Next year, students applying for admission to the School of Technology at the State University will have to take the Achievement Test in Advanced Mathematics (part of the College Board tests), and will be required to take a half year of trigonometry in high school in addition to the three standard math courses which we have here. Although we should not feel obliged to meet the admission requirements of all colleges, we should meet the requirements of our State University, if we are going to have a college preparatory program at all.

Respectfully submitted,

DANA A. SMITH

Principal

To the members of the Superintending School and  
Citizens of St. George.

## Annual Report, Town of St. George, Maine

It has been a pleasure to be connected with the schools in St. George. There has been an interest among the parents, teachers, as well as the town officers in doing what is best for the children.

Again this year the high school has had a difficult time scheduling classes due to there being only four classrooms in the high school building for the use of grades 9-12. One of these classrooms is used exclusively for the teaching of commercial subjects, leaving only three for academic subjects. This means that one of the classrooms must be used for a study period in combination to academic subjects. This situation will become more critical when the present sophomore class (13 students) and the senior class (14 students) have graduated. It is expected that each of the classes will be in the neighborhood of 30 students, making the enrollment approximately 120 students in grades 9 through 12. I call this to your attention now, so that some plans may be made now to meet this forthcoming situation.

Once again the Lillius Grace Foundation has aided the program at the high school. This year Nine O'clock Scholar, a research project sponsored by the National Defense Education Act is available to St. George High School students. It was made possible by the Lillius Grace Foundation allowing the school to use the Community Room every day and also by the Foundation assisting in the purchase and installation of the necessary TV set. The project is designed to learn the extent to which televised instructional programs can be developed which will provide intellectual stimulation to able high school students. Five students enrolled in **Concepts of Mathematics** and eight enrolled in **Space Age Science**. Pupils who successfully complete the

## Annual Report, Town of St. George, Maine

course will be entitled to one Carnegie Credit for graduation. The results of this program are not known at this time, but any who have watched or participated in these programs have found them stimulating to the mind.

Another first to be realized this year is a complete testing of the students in grades nine through twelve. This testing program is named **Project Talent** and is aimed at evaluating the **Talent** in our high schools across the nation. St. George High School is one of a thousand schools invited to participate in this program. The program is sponsored jointly by the University of Pittsburg and the United States Office of Education. The tests will in no way effect the student's grades, but may reflect needs or strengths of the high school program. Each student will have twenty-five reports evaluating him and his interest and his potential sent back to the school.

At the high school several changes have been made. Frank Shields, janitor, did an excellent job of repainting the chemistry room. Also he has repainted the dark wainscoating in the corridor of the high school. That plus the replacement of stair treads in the high school have bettered the conditions inside the school. A new walk to the high school improved the appearance to the building. It is the intent this year to have the outside of the high school repainted. This was started several years ago but was never finished.

At the elementary school the playground was given a coat of asphalt to help preserve the drives and also to reduce the tracking of sand into the building. The road to the elementary school was started but was not completed as a result of frozen ground.

## Annual Report, Town of St. George, Maine

Mr. John Parker started the teaching of music at the elementary school last fall. His program has met with much success as the teachers have found his program helpful and have co-operated with him fully. The teachers of the elementary school and Mr. Parker presented an outstanding Christmas Program. Each grade participated in this program and considering that this was the first year of formal music instruction the students did an excellent job. The junior band participated in the Christmas Program and their performance was delightful for all to see.

The senior band concert exhibited the fact that the St. George High School band has had able tutelage this year. The St. George Glee Club entertained the audience as well as the band. Mr. Robert Tremblay should be congratulated for interesting these students in such an activity and for doing such a fine job with them.

Mr. Warren Loveless led the St. George Radio Club very effectively last year. They took the lead from four other neighboring town high schools and never relinquished their lead throughout the year. This year they are in second place with a tenth of a point separating them from the leaders, Thomaston, at the time of this writing. Congratulations Mr. Loveless and students.

There are but a few of the activities being sponsored by the elementary and high school. It is my opinion that the Town of St. George is fortunate in having the teachers that they have, in that they take an active interest in the youth of St. George.

I wish to thank the members of the Superintending School Committee and town officials for being

## Annual Report, Town of St. George, Maine

kind and helpful, and the Citizens for being loyal in the support of their schools.

Respectfully submitted,

NORMAN W. MOULTON

Superintendent of Schools

## Auditor's Report

April 21, 1959

Board of Selectmen  
St. George  
Maine

Gentlemen:

In accordance with Chapter 90-A, Revised Statutes of 1954, an audit has been conducted of the financial records of the Town of St. George for the fiscal year ended January 31, 1959.

The examination was made in accordance with generally accepted auditing standards that pertain to governmental accounting and was conducted by Auditor R. G. Redman of the State Department of Audit.

The audit analysis was on a basis consistent with that of the preceding year, and included such tests of the accounting records and other auditing procedures as were considered necessary in the circumstances.

The financial and statistical sections, incorporated in this report, present the result of the Town's financial operations for the period indicated.

Respectfully submitted,

MICHAEL A. NAPOLITANO

State Auditor

COMMENTS

TOWN OF ST GEORGE

February 1, 1958 to January 31, 1959

An audit of the financial records maintained by the various officers of the Town of St. George has been completed for the fiscal year ended January 31, 1959.

The examination included a review of cash transactions and an analysis of available funds and expenditures. The results are incorporated in the following text, exhibits and schedules.

The fiscal year's operations showed the net unexpended departmental balances lapsed amounted to \$3,229.75, per the following summary:

Departmental Operations:

Unexpended Balances	\$6,060.63
Overdrafts	2,830.88

---

Net Unexpended Balances	\$3,229.75
-------------------------	------------

The unappropriated balance of excise tax revenue the overlay and the unexpended balance in the town poor account were the principal factors contributing to the amount lapsed to surplus. Overdrafts were reflected for the most part in the contingent and interest accounts.

Assets

The general fund cash balance of \$11,966.75 was verified by reconciliation of a statement furnished by the Depositors Trust Company, Rockland, Maine and

## Annual Report, Town of St. George, Maine

by confirmation of a time deposit in the same bank. Petty cash was verified by actual count.

Taxes receivable totaling \$6,246.61 at the close of the year consisted principally of current year accounts of \$5,951.38. The balance of \$295.23 represented uncollected taxes dating from 1954.

Tax liens and tax acquired property amounted to \$1,526.07 and \$390.72 respectively.

### **Reserves and Surplus**

The appropriation accounts show an unexpended balance of \$3,125.92 representing various operating account balances that are carried forward to the ensuing year in accordance with legal requirements and/or customary practice.

The unappropriated surplus amounted to \$17,149.43, an increase of \$3,520.76 for the year. This was occasioned principally by the net unexpended departmental balances lapsed.

### **Debt Fund**

The debt fund, incorporated in the balance sheet as a separate fund, reflects the outstanding elementary school bonds of \$44,000.00. The bonds are to be retired from future years' revenue and sinking fund investments. The sinking fund of \$7,037.54 is on deposit in the Depositors Trust Company, Rockland, Maine.

### **Trust Funds**

Trust fund principals totaled \$18,275.40 and unexpended income amounted to \$918.22 at the year end.

## Annual Report, Town of St. George, Maine

The funds are invested in various securities totaling \$12,892.05, a demand deposit of \$43.75 and time deposits of \$6,257.82 in several banks.

### **Departmental Accounts**

The departmental operating accounts showed a decrease of \$2,501.68 in funds raised by taxation, as compared with the preceding year. Decreases in the poor and interest account appropriations were the major factors contributing to the change.

Departmental balances carried forward to the ensuing year decreased by \$6,916.24, as compared with balances at the start of the year. This reduction appeared for the most part in the education and high way accounts .

### **General**

The townspeople authorized the use of excise tax revenue for various highway purposes.

### **Scope of Audit**

The system of internal control was reviewed as pertained to the handling of cash and other matters of financial concern. Count of cash was made and records checked to determine the accuracy of recording cash transactions.

Cash accounts were verified by reconciliation of statements furnished by the depository or by direct bank confirmation. External verifications were utilized, on a test basis, to determine the correctness of recorded assests and liabilities.

An analysis was made of receipts and deposits as

## Annual Report, Town of St. George, Maine

well as expenditures and negotiated checks. Vouchers, payrolls and cancelled checks were examined for a selected period.

Excise tax collections were checked with copies of the receipts retained by the collector. Debt and trust fund transactions were examined. Investments were verified by actual inspection and by bank confirmation. Surety bond coverage was reviewed.

The records maintained by the Superintendent of Schools were not examined, however, his report of receipts, disbursements and closing balances was on file and reconciled with the records of the town.

In our opinion, subject to the foregoing comments, the accompanying balance sheet and supporting information present fairly the financial position of the town at January 31, 1959, and the results of its operations for the year then ended.

Annual Report, Town of St. George, Maine

---

OF THE TOWN OF

ST. GEORGE

MAINE

FOR THE YEAR ENDING

JANUARY 31, 1961

---

---

---

## DEDICATION

We dedicate the 1960 issue of the Town Report to Joseph T. Simmons, who was one of the Towns most tireless and faithful Officers. Joe was born in the village of Tenant's Harbor and has lived in the same dwelling all his life.

He was elected for one year in 1913 as a Selectman, in 1915 he was elected for one year as a member of the School Board.

He was elected Treasurer and Tax Collector in 1923 and held those offices until 1954 when he gave up Treasurer and Excise Tax Collector after 31 years continuous service. In 1960 he decided not to seek the office of Tax Collector after 36 years. Joe also was the publisher of the second Chronicles of the Town in 1932, which was the history of the town since 1605.

To the Superintending School Committee and the Citizens of the Town of St. George:

The annual report of the Superintendent of Schools is hereby respectfully submitted.

## Annual Report, Town of St. George, Maine

---

It is probably safe to say that there is one thing all citizens of this country have in common and that is the best possible education for their children that they can afford. The new Elementary School stands as evidence that this is the feeling of the people in St. George.

I find the school being operated in an extremely efficient manner. Not only does Mrs. Bragdon run the school and teach full time, but she also manages the hot lunch program which is quite a job in itself. The teachers are to be complimented for the fine job they are doing under the somewhat crowded conditions.

The Foundation Program as set up by the State Department of Education has certain criteria that should be met in order to qualify for the full amount of State Aid as prescribed by law. One is that the pupil teacher ratio should not exceed 30 to 1, and another is that the program offer a sub-primary department for 5 year olds. The pupil teacher ratio in the Elementary School is over 30 to 1. As yet no town has been penalized for **not** maintaining a subprimary program or having a higher pupil teacher ratio than recommended. What future changes in existing practices may require, one can only surmise. Because of this, an article in Town Warrant is asking that more money be set aside again this year for future additions to the elementary school.

The conditions at the High School have not improved over what they were last year as stated in the Superintendent's report. For more information on that I refer you to the report of the High School Principal.

## Annual Report, Town of St. George, Maine

---

Besides being painted on the outside the front end of the High School was painted on the inside, making a much neater and cleaner appearance as one goes up stairs.

Both flag poles are now up and in use.

In reading last year's report I notice mention was made of the road to the Elementary School being unfinished. We hope that the town will see fit to have it repaired and tarred by the time school starts in the fall.

In closing, in behalf of the St. George personnel, may I express thanks to all those who have in any way helped with the operation of the various phases of the school program. Your many kindnesses are sincerely appreciated. With your continued support we will continue to work toward the improvement of the educational program.

Most sincerely,

C. LEROY BARKER

## Report of High School Principal

To the Superintending School Committee and the Town of St. George:

I hereby submit my fourth annual report of St. George High School.

### Present Enrollment

Seniors	22
Juniors	10
Sophomores	24
Freshmen	35
8th Grade	33
7th Grade	30
<hr/>	
Total	154

Since beginning of school year:

Drop outs:	7
Transfers to other schools:	2
Transfers from other schools:	7

The increase in enrollment of 11 students over last year at this time is the amount anticipated. The total number of students who have registered in the upper four grades this year is 100.

There has been little change in the curriculum this year. Trigonometry has been added to the math program, alternating with geometry for Juniors and Seniors. Mrs. Stone meets twice weekly with a group of students for instruction in public speaking. The TV courses conducted by the State Dept. of Education

## Annual Report, Town of St. George, Maine

---

are being offered again this year, with four students participating. The 7th and 8th grades are no longer departmentalized.

There has been one addition to the extra-curricular program. A chapter of the Future Teachers of America has been organized with Mr. Bragdon as advisor. This should prove to be one of our most worthwhile activities and one in which students from grades 7-12 may participate.

The music program, under Mr. Parker, is unchanged. The band meets twice a week and the dance band once. Mr. Tremblay still meets with the chorus for one period weekly. The continuation of the elementary music program both instrumental and vocal, through the 7th and 8th grades would be desirable, instead of having it stop with grade 6.

The Radio Club, under the direction of Mr. Lovell, is in its 4th year of operation. We are still the only school which attempts to give a large number of students the experience of participating in a radio show, rather than use the same few students regularly. In spite of this, the club is second only to Rockland in the competition scoring.

We must be aware of the problems involved in the operation of a small high school with its increasing costs. A school the size of ours is not looked upon with favor by any group concerned with secondary education. State and Federal agencies believe the small high school to be inefficient and expensive and will be increasingly loathe to support them financially. Administrators know them to be so limited in curriculum and facilities that there is little which compares favorably with a larger high school.

## Annual Report, Town of St. George, Maine

---

The business world attempts to meet rising costs by increasing the efficiency of operation. The small high school is in a poor position to do this. Each year finds an increase in enrollment. Next year at this time, we should have an enrollment of almost 100 students in the upper four grades (plus almost 35 7th graders squeezed into a room made for 24,) with over 110 the following year. In spite of this growth, we are still a 3-teacher high school, as far as the academic program is concerned, and some phases of such a program are being badly slighted. Our science program could be used as an example. We have no freshman science, the science classes we do have are too large to use the laboratory for experiments, the crowded schedule does not allow the double periods necessary for lab classes and the chemistry and physics courses are of too general a nature to meet the needs of the college preparatory student. By the school year of 1962-63, a science teacher should be added to the faculty, whether the 7th and 8th grades have been moved to the elementary school or not. The present office could be converted to a small classroom and the commercial room could be used when the commercial teacher is holding typing classes.

Probably the most satisfactory answer to our problem is the formation of an area high school. Unless the majority of the citizens wish to support this high school with its increasing costs and decreasing efficiency, we should work seriously with any neighboring communities which are interested in the formation of a larger high school.

Respectfully submitted,  
DANA A. SMITH  
Principal

## Annual Report of Fire Chief

To the Board of Selectmen of the Town of St. George:

I have the honor to submit herewith the report of the Fire Department for the year ending January 31, 1961.

During the 12 month period ending December 31, 1960, the Department responded to a total of 64 calls that were classified as follows:

Building Fires	12
Chimney Fires	5
Grass Fires	7
Woods Fires	3
Dump Fires	3
Car Fires	2
Emergency Calls	7
Drills	7
Service Calls	18
	<hr/>
	64

Several additional officers were appointed in the Department during the year. In addition to the Chief and Assistant Chief, the Department now has a Captain and two Lieutenants as well as a Fire Police Lieutenant. The following appointments were:

Captain—William Reinhardt  
Lieutenant—Sylvanus Polky  
Lieutenant—Harland Priestley  
Fire Police Lieutenant—Ernest Eaton, Sr.

The appointment of these additional officers

## Annual Report, Town of St. George, Maine

---

makes for much better and more efficient operation of the Department.

During the last part of 1960, a Junior Company was formed as part of the departmental organization. This company is made up of eight boys, between the ages of 16 and 18, who have shown interest in the Department and its work. The results of the formation of this company will be evident in the future years as it will make available, to the regular companies, members who have had considerable training and experience.

The following paragraphs will give you a clearer view into the inside of the Department and some of its needs.

**Hose**—Although 400' of 2½" hose was purchased this year, it has not, as yet, been possible to remove any of our old hose from service, although the servicableity of most of it is questionable, because of its age. Included in our 1961 budget request are funds to purchase 350' of 2½" hose and 500' of 1½" hose.

This purchase would enable us to remove from service the oldest and most unservicable hose.

**Indian Tanks**—Seven new brass Indian Tanks purchased this year now give us a total of 13 brass tanks. The budget item requested would allow us to purchase 6 additional brass tanks and would also allow us to discard the remaining galvanized tanks that have been patched as many times as is possible.

**Ladders**—The purchase of a 35' extension ladder and an 18' roof ladder has made it possible to reach many places that previously had been inaccessible to

us. This next year our budget is planned to enable us to purchase a 25' extension ladder to replace the one that is on Engine No. 1. This present ladder is in a weakened condition and is a hazard to work with.

**Nozzles**—During this year four adjustable fog nozzles were purchased, 3—1½" nozzles and 1—¾" nozzle. Those purchases now make a total of 4—1½" and 2—¾" nozzles, as well as 3—2½" fog nozzles. Included in our proposed budget is money enough to purchase 2 additional 1½" fog nozzles and a 2½" playpipe for one of our 2½" fog nozzles. This number of nozzles would enable us to utilize all of our pumping capacity.

**Protective Clothing**—The donation of a dozen raincoats and the purchase of 2 helmets and 2 pair of firemen's boots is the start towards the acquiring of proper protective clothing for our firemen. In our 1961 budget is sufficient funds to purchase 12 firemen's helmets, to replace the ones we now have that are not doing the job of protecting the firemen that is necessary.

**Misc. Equipment**—Although many small items of equipment were added to the Department this year, there are still a number of small but necessary items that are needed. Included in this category are: hand lights with rechargeable batteries, shovels, fire brooms, axes, crow-bar and squeegee. Also needed is a 2½" wye. The 1961 budget is planned to allow us to purchase these much needed items.

**Portable Pump**—This year we are asking for funds to purchase a new portable pump with a pumping capacity of 250 GPM, which is far greater than

## Annual Report, Town of St. George, Maine

---

the ones we now have. This pump is most urgently needed as the present pumps will only pump 50 GPM, which provides a very inadequate water supply.

**Fire Police**—The Fire Police are a group of four men that are used to control traffic and do other police work at fires and emergencies. These men have the same authority as any city or state police officer and in the very near future they will be sworn in as deputy sheriffs. These fire police are badly in need of equipment for proper identification. The 1961 budget is planned to allow us to start purchasing the items they need.

**Fire Station**—Very little work of any type has been done to the Fire Station since its erection in 1953. About the only thing of major importance that has been done has been the painting of the station, inside and outside in 1958. The inside of the station is in need of repainting and the ceiling in the engine room should be completed. We are asking a small sum to do this work with.

**Apparatus**—In general the apparatus is in good condition. Engine No. 1, with the pump repair job that was done last summer, is in good operating condition, but serious thought should be given to the fact that this unit is going to have to be replaced in a few years as it is now 19 years old. Tank No. 1, with the installation of a set of ladders, is now a first line piece of equipment. Other work done to this unit includes the installation of hose beds, a rear platform and side compartment repairs. Engine No. 3 is our only piece of equipment that is in need of any amount of work. The body of this engine needs to be remodeled to better suit our needs. No money is being

## Annual Report, Town of St. George, Maine

---

asked for this work this year.

We hope that the previous paragraphs have served to tell you a little about the requirements of your Fire Department.

Portable Pump	435.00
Nozzle Holders	25.00
Tank Truck Repairs	250.00
<hr/>	
Needed Appropriation	\$2,500.00

Respectfully submitted,

ALFRED J. CHADWICK  
Fire Chief

**REPORT OF THE ST GEORGE  
VOLUNTEER FIREMEN'S ASSOCIATION**

To the Citizens of the Town of St. George:

The St. George Volunteer Firemen's Association would like to make the following report on our activities for the year 1960.

During the year 54 ambulance calls were answered with 192 manhours being put into the operation of the ambulance and it traveled about 2163 miles. The calls were to the following locations:

Rockland	47
----------	----

## Annual Report, Town of St. George, Maine

---

Camden	2
Damariscotta	1
Portland	2
Thomaston	1
Togus	1
	—
	54

We also had one call to administer oxygen.

We would like to take this opportunity to thank you for your very fine support, as without it it would not be possible to operate our ambulance.

Our expenses for operating the ambulance for 1960 were as follows:

	Receipts	Expenses
Income from Ambulance	\$ 238.00	
Sale of Old Ambulance	44.00	
Ambulance Suppers	78.80	
Ambulance Insurance		\$ 145.05
Ambulance Call Cards		4.60
Laundry & Cleaning		20.50
Thermos Jug and Ambulance Pans		9.33
Ambulance Operations		
Gasoline		64.72
Oil		2.75
Greasing		1.95
Parts		52.65
Labor		23.25
Misc. Expense		12.00
2 Tires and Tubes		123.72
	\$ 360.80	\$ 460.52

## Annual Report, Town of St. George, Maine

---

It was necessary to transfer \$100 from the general fund to enable us to have the necessary operating funds.

St. George Volunteer  
Firemen's Association

## Auditor's Report

May 11, 1960

Board of Selectmen  
St. George,  
Maine

Gentlemen:

In accordance with Chapter 90-A, Revised Statutes of 1954, an audit has been conducted of the financial records of the Town of St. George for the fiscal year ended January 31, 1960.

The examination was made in accordance with generally accepted auditing standards that pertain to governmental accounting and was conducted by Auditor R. G. Redman of the State Department of Audit.

The audit analysis was on a basis consistent with that of the preceding year, and included such tests of the accounting records and other auditing procedures as were considered necessary in the circumstances.

The financial and statistical sections, incorporated in this report, present the results of the Town's financial operations for the period indicated.

Respectfully submitted,

MICHAEL A. NAPOLITANO  
State Auditor

## COMMENTS

### TOWN OF ST. GEORGE

February 1, 1959 to January 31, 1960

An audit of the financial records of the Town of St. George has been completed for the fiscal year ended January 31, 1960. The audit consisted of an examination of the records maintained by the Selectmen, Treasurer, Tax Collector and other municipal officials.

The examination included a review of cash transactions and an analysis of available funds and expenditures. The results are incorporated in the following text, exhibits and schedules.

The fiscal year's operations showed that the net unexpended departmental balances lapsed amounted to \$1,494.60, per the following summary:

Departmental Operations:

Unexpended Balances	\$6,622.22
Overdrafts	5,127.62

---

Net Unexpended Balances	\$1,494.60
-------------------------	------------

The unappropriated balance of excise tax revenue and the excess of overlay over abatements were the major factors contributing to the amount lapsed to surplus. The larger overdrafts occurred in the snow removal and aid to dependent children accounts.

ASSETS . . . The cash balance of \$16,435.39 was verified by reconciliation of statements furnished by the Depositors Trust Company, Rockland, Maine and by confirmation of a time deposit in the same bank. Petty cash was verified by actual count. A count of

## Annual Report, Town of St. George, Maine

---

cash was made at audit date and reconciled with the year end closing balance.

Accounts receivable totaling \$83.12 represented amounts due from the treasurer and excise tax collector. This amount includes principally an excise tax issued prior to the year end for which payment had not been received and a computation error in the settlement of a tax lien.

Taxes receivable amounted to \$8,476.65 of which \$8,186.60 was for current year accounts. The balance of \$290.05 consisted of uncollected taxes dating from 1954.

Tax liens and tax acquired property amounted to \$1,343.20 and \$759.58 respectively.

LIABILITIES . . . Accounts payable of \$854.92 consisted of the salary of the tax collector which had not been paid at the time the books closed, and a minor amount payable on a school department payroll.

RESERVES . . . The appropriation accounts showed an unexpended balance of \$7,995.79, representing various operating account balances that are carried forward to the ensuing year in accordance with legal requirements and/or customary practice.

SURPLUS . . . The unappropriated surplus amounted to \$18,272.23, an increase of \$1,122.80 for the year. The change was occasioned principally by the net unexpended departmental balance lapsed, less an appropriation for a town line survey.

DEBT FUND . . . The debt fund, incorporated in the balance sheet as a separate fund, reflects the outstanding elementary school bonds of \$42,000.00. The

bonds are to be retired from future years' revenue and sinking fund investments. The sinking fund of \$7,232.56 is on deposit in the Depositors Trust Company, Rockland, Maine.

TRUST FUND . . . The trust fund principals totaled \$18,881.24 and unexpended income amounted to \$988.20 at the year end. The funds are invested in various securities totaling \$12,892.05, a demand deposit of \$153.20 and time deposits of \$6,824.19 in several banks.

DEPARTMENTAL ACCOUNTS . . . The departmental operating accounts showed an increase of \$16,206.00 in funds raised by taxation, as compared with the preceding year. Larger appropriations in the protection and education accounts and a larger overlay were the principal factors contributing to the increase.

The departmental balances carried forward to the ensuing year increased by \$4,869.87, as compared with balances at the start of the year. This increase appeared for the most part in the education, highway and welfare accounts.

GENERAL . . . The townspeople authorized the use of excise tax revenue for various highway purposes and an appropriation from surplus for a town line survey.

Vendors' original invoices should be kept on file by the selectmen to substantiate all expenditures.

### SCOPE OF AUDIT

Count of cash was made and records checked to determine the accuracy of recording cash transactions.

## Annual Report, Town of St. George, Maine

---

The system of internal control was reviewed as pertained to the handling of cash and other matters of financial concern.

Cash accounts were verified by reconciliation of statements furnished by the depositories or by direct bank confirmation. Verifications were utilized, on a test basis, to determine the correctness of recorded assets and liabilities.

An analysis was made of receipts and depositors as well as expenditures and negotiated checks. Vouchers, payrolls and canceled checks were examined for a selected period. Canceled bonds, notes and bond coupons were also examined. Trust fund transactions and investments were checked. Surety bond coverage was reviewed.

Excise tax collections were verified with the copies of receipts retained by the collector. Education accounts balances were reconciled with the Superintendent of Schools.

In our opinion, subject to the foregoing comments, the accompanying statements and supporting information present fairly the financial position of the town at January 31, 1960, and the results of its operations for the year then ended.

## Annual Report, Town of St. George, Maine

---

The two new teachers joined the ranks of the St. George teaching staff last fall. Mrs. Norma Manning replaced Mrs. Worcester in grade 3, and Mr. Romeo LaPointe filled the vacancy caused by the resignation of Mr. Loveless in the French Department. Mrs. Manning received her B. S. degree from Gorham State Teachers College and comes from Camden where she was employed as a lower grade teacher. Mr. LePointe received his B. S. degree at the University of Maine where he majored in Languages. These teachers have adjusted very well to their new environment and with the remaining teaching staff have I believe given of their professional talents to the best of their ability.

With the idea of improving the educational process in St. George, it is recommended that four rooms be added to the Elementary School. This would make it possible to relieve the congestion in the present second and third grades where 78 children occupy the two rooms. By putting these children into three rooms instead of two, a much improved teaching-learning situation would exist. The seventh and eighth grades could be moved from the High School, thus providing much needed classroom space for the increasing high school enrollment. This leaves one room which would be used for remedial work with emphasis on reading, until such time as it became necessary to use it as a regular class room.

The estimated cost of this addition, equipped, is \$55,000. Should the town see fit to raise \$10,000 again this year toward the Reserve Building Fund as it has the past two years, the balance of the estimated cost, plus interest, could be paid off in the next three years by continuing to raise the same amount each year.

## Annual Report, Town of St. George, Maine

---

Articles to provide for the proposed addition have been included in the Town Warrant.

I want to take this opportunity to express my appreciation for the cooperation and help received from the School Committee, Teaching Staff, Janitors, Cooks, Town Officers and Citizens.

Respectfully submitted,

C. LEROY BARKER

## Annual Report of Fire Chief

To the Board of Selectmen of the Town of St. George:

I hereby submit the report of the Fire Department for the year ending January 31, 1962.

During the 12 month period ending December 31, that were classified as follows:  
1961, the Department responded to a total of 114 calls

Building Fires	10
Chimney Fires	4
Grass Fires	6
Wood Fires	4
Dump Fires	5
Car Fires	3
Emergency Calls	4
Drills	5
Service Calls	32
Ambulance Calls	41

The Department has made several improvements in the past year, which has greatly improved its efficiency.

Two new Gorham-Rupp pumps of 250 G. P. M. capacity were purchased, one by the Department and the other by the Association. Also, two new M. S. A. Air Packs with spare tanks were bought by the Association. New hose of both sizes 2½" and 1½", 6 new brass Indian Tanks, along with many smaller items, have been obtained as well.

The 1948 ¾ ton Ford was replaced by a 1950

## Annual Report, Town of St. George, Maine

---

11½ ton Dodge, now being used as a utility and hose truck.

Your Fire Chief has attended all County Mutual Aid Meetings for the past year. Our Department was host to one meeting, which was the largest attended for the year.

Our association has held meetings the second and fourth Thursday of every month, with drills the first and third Thursdays. We had outside drills when weather permitted and class room drills when not held outside.

Respectfully submitted

Alfred J. Chadwick

Fire Chief

## Auditor's Report

May 16, 1961

Board of Selectmen  
St. George,  
Maine

Gentlemen:

In accordance with Chapter 90-A, Revised Statutes of 1954, an audit has been conducted of the financial records of the Town of St. George for the fiscal year ended January 31, 1961.

The examination was made in accordance with generally accepted auditing standards that pertain to governmental accounting and was conducted by Auditor R. G. Redman of the State Department of Audit.

The audit analysis was on a basis consistent with that of the preceding year, and including such tests of the accounting records and other auditing procedures as were considered necessary in the circumstances.

The Financial and statistical sections, incorporated in this report, present the results of the Town's financial operations for the period indicated.

Respectfully submitted,

MICHAEL A. NAPOLITANO  
State Auditor

**C O M M E N T S**

**TOWN OF ST. GEORGE**

**February 1, 1960 to January 31, 1961**

An audit of the financial records of the Town of St. George has been completed for the fiscal year ended January 31, 1961. The audit consisted of an examination of the records maintained by the Selectmen, Treasurer, Tax Collector and other municipal officials. The fiscal year's operations showed that the net unexpended departmental balance lapsed amounted to \$7,220.89, per the following summary:

Departmental Operations	
Unexpended Balances	\$10,811.95
Overdrafts	3,591.06
	<hr/>
Net Unexpended Balance	\$ 7,220.89

The overlay, supplemental taxes and unexpended balances in the welfare accounts were the major factors contributing to the amount lapsed to surplus. The larger overdrafts occurred in the snow removal and tax abatement accounts.

The following comments pertain to the accompanying financial statements and to the scope of audit.

**ASSETS . . .** The general cash balances of \$15,902.81 was on deposit in the Depositors Trust Company, Rockland, Maine at January 31, 1961. Petty cash of \$25.00 was on hand.

Accounts receivable amounting to \$262.70 represented reimbursable expenditures of \$255.88 made for state welfare cases and an amount of \$6.82 due from the excise tax collector.

## Annual Report, Town of St. George, Maine

---

Taxes receivable totaling \$13,103.69 was comprised for the most part of current year accounts of \$12,945.46. The remaining balance of \$158.28 consisted of uncollected taxes dating from 1956.

Tax liens and tax acquired property amounted to \$1,250.94 and \$778.35 respectively.

RESERVES . . . The appropriation accounts showed an unexpended balance of \$6,263.77 representing various operating account balances that are carried forward to the ensuing year in accordance with legal requirements and/or customary practice.

The change was occasioned principally by the net unexpended departmental balance lapsed.

SURPLUS . . . The unappropriated surplus amounted to \$25,058.72, an increase of \$6,786.49 for the year.

DEBT FUND . . . The debt fund, incorporated in the balance sheet as a separate fund, reflects the outstanding elementary school bonds of \$40,000.00. The bonds are to be retired from future years' revenue and sinking fund investments. The sinking fund of \$7,434.26 was on deposit in the Depositors Trust Company, Rockland, Maine.

TRUST FUNDS . . . Trust fund principals totaled \$19,563.40 and unexpended income amounted to \$1,131.92 at the year end. The funds are invested in various securities totaling \$12,692.05, a demand deposit of \$112.98 and time deposits of \$7,890.29 in several banks.

SPECIAL FUND . . . At the annual town meeting the townspeople authorized the acceptance of \$6,000.00 and land from the estate of Charles F. Collins,

## Annual Report, Town of St. George, Maine

---

\$3,000.00 to be used to develop the plot of land to be maintained as a park in the village of Port Clyde and \$3,000.00 to erect a memorial. The fund totaled \$6,075.00 at January 31, 1961 and was on deposit in the Depositors Trust Company, Rockland, Maine.

**CAPITAL RESERVE FUND . . .** The town voted to establish a fund for an addition to the St. George Elementary School. The sum of \$10,000.00 was appropriated and this fund was on deposit in the Depositors Trust Company, Rockland, Maine.

**DEPARTMENTAL ACCOUNTS . . .** The departmental operating accounts showed an increase of \$12,488.95 in funds raised by taxation, as compared with the preceding year. Larger appropriations provided for most of the operating categories, particularly for education, were the major factors responsible for the increase. The departmental balances carried forward to the ensuing year decreased by \$1,732.02, as compared with the balances at the start of the year. This change occurred principally in the welfare, education and highway accounts.

**GENERAL . . .** The townspeople authorized the use of excise tax revenue for various highway purposes and appropriations from surplus for contingent and highway accounts.

Vendors' original invoices should be kept on file by the selectmen to substantiate all expenditures.

All proceeds from vending machine operations at the high school should be deposited with the town treasurer and pertinent expenditures should be handled in the same manner as other education accounts.

### Scope of Audit

The system of internal control was reviewed as pertained to the handling of cash and other matters of financial concern. Count of cash was made and records checked to determine the accuracy of recording cash transactions.

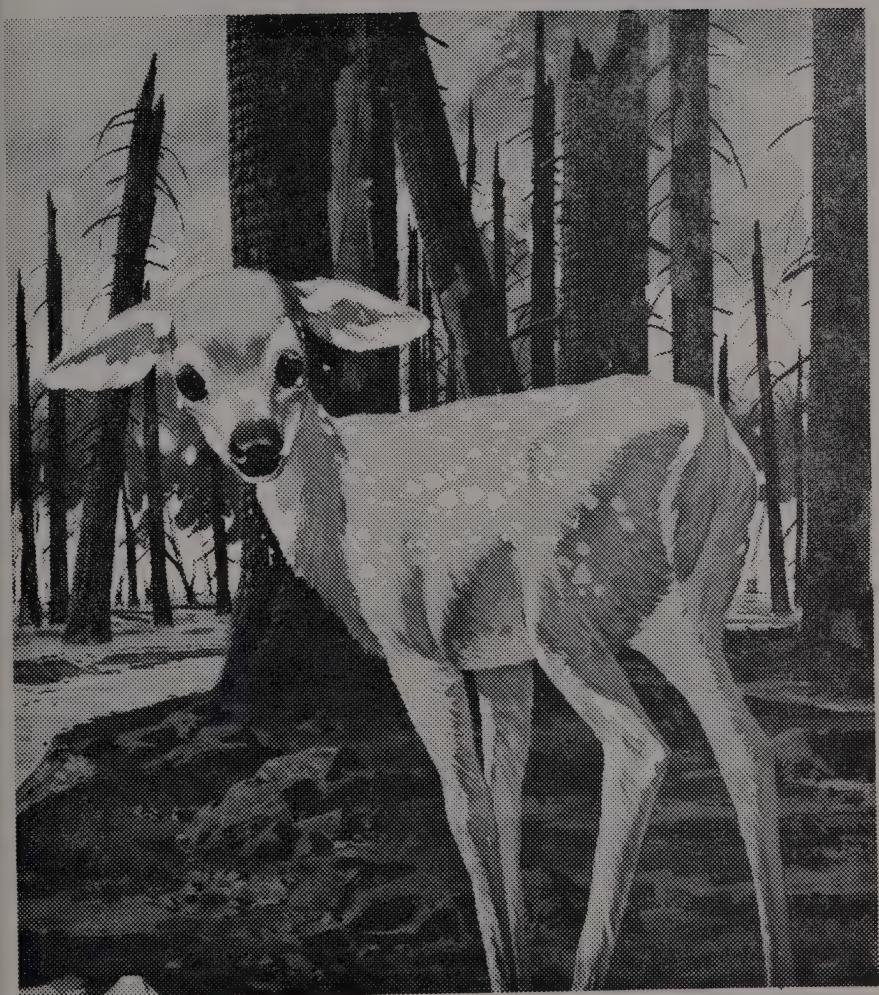

Cash accounts were verified by reconciliation of bank statements furnished by the depository. Verifications were utilized, on a test basis, to determine the correctness of recorded assets.

An analysis was made of receipts and deposits as well as expenditures and negotiated checks. Vouchers, payrolls and canceled checks were examined for a selected period.

Excise tax collections were verified with the copies of the receipts retained by the collector. Trust special and capital reserve fund transactions were examined and investments verified. Surety bond coverage was reviewed. Education account balances were reconciled with the Superintendent of Schools.

In our opinion, subject to the foregoing comments, the accompanying statements and supporting information present fairly the financial position of the town at January 31, 1961, and the results of its operations for the year then ended.

"There is something you can do,  
Help Keep Maine Green in '62"

# Report of Superintendent of Schools

To the Superintending School Committee and Citizens of the Town of St. George I herewith submit my annual report on the St. George Schools:

## School Committee

Fred Shumaker	Term Expires 1963
Robert McKinney	Term Expires 1963
Harold Dowling	Term Expires 1964
Arthur Kinney	Term Expires 1964
Shirley Bicknell	Term Expires 1965

## Teachers — Elementary

### Enrollment — Sept. '62

Norma Manning	Grade 1—36
Arlean Holman	Grade 2—27
Elizabeth Kinney	Grade 3—38
Georgette Hamel	Grade 4—37
Adrea Thorbjornson	Grade 5—25
Aune Bragdon, Principal	Grade 6—35
Wilma Mottram	
Aina Howard	Grade 7—27
Harlan Bragdon	Grade 8—33

## High School

Dana Smith, Principal—Math and Problems of  
Democracy  
Margaret Stone—Social Studies and English  
Harry Stearns—Science  
Edgar Parker—French and English  
Robert Trembley—Commercial  
Lucille Gledhill—Home Economics  
Raymond King—Industrial Arts

**High School Enrollment**

Grade 9-36; Grade 10-29; Grade 11-24; Grade 12-15  
Special—John Parker, Vocal and Instrumental.

**Custodians**

Toivo Makinen—Elementary  
Harlan Priestly—Secondary

**Conveyance**

Russell Thomas and Lowell Brothers Garage.

Two new teachers and one teacher who formerly taught at St. George joined the St. George teaching staff during the past year. In the language department Edgar Parker replaced Romeo LaPointe who resigned at the close of last year. Harry Stearns was added to the secondary faculty as science instructor and Mrs. Aina Howard came into the seventh grade to replace Wilma Mottram who resigned at the close of the fall term. Mr. Parker is graduate of the University of California, class of 1962, and has six hours of education credits from the University of Maine during the summer of 1962.

Mr. Stearns was graduated from the University of Maine in 1954 and has nearly completed work for a Masters Degree. He has had eight years of teaching experience.

Mrs. Howard returns to St. George having taught here previously for fifteen years.

As indicated in last year's report, plans were made to do some remedial work in the reading program. However, lack of room prevented this from being done. The possibility of such a program was discussed recently at a school committee meeting at which teachers and a group of interested citizens were present. As a result of the discussion the board voted to hire at once a teacher-aide to work in the elementary school to relieve teachers of some of their non-teaching duties thereby giving them more actual planning and teaching time. This is being done in many school systems especially where the rooms are over crowded.

With the prospect of more available room this coming year, your school committee has authorized your Superintendent to work out a plan, in conjunction with the teachers, for an ungraded primary department whereby grades one through three, as such,

would be eliminated and children would progress at the rate of their individual capacities without being promoted or retained due to rigid grade lines. It is hoped that such a program will eliminate some of the reading difficulties now found in the middle and upper grades. We also hope to install more of the Science Research Associates Reading Laboratories.

Again I wish to thank all those who have helped with the school program during the past year.

Respectfully submitted,

C. LeROY BARKER

Superintendent

## Annual Report of The Fire Chief

To the Board of Selectmen of the Town of St. George:

The following is my report of the operations of the Fire Department, for the year ending December 31, 1962.

The Department responded to a total of 98 calls as follows:

### Fire

Building	9
Chimney	10
Grass	3
Woods	2
Boat	1
Town Dump	7

### Non-Fire

Service	10
Drills	6
Miscellaneous	3
Ambulance	47

---

Total Calls	98
-------------	----

This represents 1291 man hours with Fire Equipment at the scene, and 240 man hours for ambulance service, making a grand total of 4370 man hours put in by the men of the Department.

About 75% of the Department's calls were in the first six months with large fire losses. Total losses were realized to a garage at Mr. Earl Field, Jr.'s pump house at Clark Island, summer cottage of Mr. Robert Pease, and the home of Mrs. Caroline Black.

Seven Town Dump fires were extinguished, six of which were set by unauthorized persons. These fires are very costly, not only in labor, but a lot of hose becomes damaged as well as the tires on equipment. Only persons with a permit from the Town Forest Fire Warden may set a fire at the Town Dump. All other persons are subject to a \$100.00 fine or by imprisonment for thirty days or both.

One state approved fire school was held with fourteen members attending. Each member completed 22 hours, under the instruction of Captain Walter Boland, the course covering fire streams and methods of approach.

A new 3500 watt generator with four lights and 50 foot cords was purchased, which has served in two emergency power failures in the short time that it has been in service. It has also been used several times to provide light for night operations.

A radio tower and antenna has been installed, one mobile radio unit in Tank 1, one in Chief's car, with another to be installed in Engine 1.

The Firemen's Association purchased a base station for the Fire House, also one unit for the ambulance. This equipment has proven its necessity many times. It not only gives direct communication with all Departments in Knox, Lincoln and Waldo Counties, but enables the officer in charge to direct the equipment at all times. Also, it gives us direct communication with Knox County Hospital which is of great importance, as in the past many cases have been taken to hospital without their knowledge. We can also obtain medical advice, when needed, while in route.

Major repair work has been done on Engine 1 (Mack Pumper) this year. This is just the start of many

repairs, as the truck is now over 20 years old. Serious thought should be given for getting a new tanker-pumper combination in the near future.

The water holes are in need of work, or they will become a total loss. Bushes need to be cut away and fences restored, which the law requires. Some need cleaning out with others in need of dam repairs.

The Fire Department is always in need of more volunteers, therefore anyone who is able and willing to give a few hours each month, contact your Fire Chief.

Respectfully submitted,

ALFRED J. CHADWICK  
Fire Chief

## Public Health Nurse's Annual Report For St. George, 1962

Public health nursing is a special field of nursing that combines nursing skills, public health, some phases of social assistance, and functions as part of the total public health program for the promotion of health, the prevention of illness and disability, and rehabilitation. It is concerned for the most part with care of well families and with non-hospitalized sick persons

and their families, with particular groups of people, and with health problems that affect the community as a whole.

The following table summarizes the various nursing service activities during twenty-three visits to the town.

Nurses' Activity	Number
Home Visits	108
Teacher-Nurse Conferences	18
Child Health Conferences	3
School Health Examination Clinics	5
School Immunization Clinic	1

Immunizations completed in children of all ages.

Type	Number
Polio	164
Smallpox	36
Diphtheria, Tetanus, Whooping Cough	35

Members of the St. George Health Committee have worked closely with the nurse during the year. Two meetings were held in which officers were elected and plans made together for carrying out the usual community health programs.

The co-operation of the health committee, Dr. Naumer, school personnel and town officials working with the nurse as a team has been greatly appreciated.

Respectfully submitted,

ADA W. AMES  
Public Health Nurse

## Auditor's Report

June 7, 1962

Board of Selectmen  
St. George,  
Maine

In accordance with Chapter 90-A, Revised Statutes of 1954, an audit has been conducted of the financial records of the Town of St. George for the fiscal year ended January 31, 1962.

The examination was made in accordance with generally accepted auditing standards that pertain to governmental accounting. The audit analysis was on a basis consistent with that of the preceding year, and included such tests of the accounting records and other auditing procedures as were considered necessary in the circumstances.

The financial and statistical sections incorporated in this report, subject to the accompanying comments, present the results of the Town's financial operations for the period indicated.

Respectfully submitted,

Michael A. Napolitano  
State Auditor

## COMMENTS

### Town of St. George

February 1, 1961 to January 31, 1962

An audit of the financial records of the Town of St. George has been completed for the fiscal year ended January 31, 1962. The audit consisted of an examination of the records maintained by the Selectmen, Treasurer, Tax Collector and other municipal officials.

The operations for the year showed that the net unexpended departmental balance lapsed amounted to \$7,979.27, per the following summary:

Departmental Operations:	
Unexpended Balances	\$13,285.24
Overdrafts	5,305.97
Net Unexpended Balance	<u>\$ 7,979.27</u>

The overlay, supplemental taxes, unallocated excise tax revenue, and unexpended balances in the welfare accounts were the major factors contributing to the amount lapsed to surplus. The larger overdrafts occurred in the snow removal and tax abatement accounts.

\* \* \* \*

The following comments pertain to the accompanying financial statements and to the scope of audit.

ASSETS . . . The general cash balance of \$22,451.35 was on deposit in the Depositors Trust Company, Rockland, Maine at January 31, 1962. Petty cash of \$25.00 was on hand.

Taxes receivable totaling \$14,955.67 were comprised for the most part of current year accounts of \$13,434.40. The remaining balance of \$1,521.27 consisted of uncollected taxes dating from 1956.

### LIABILITIES, RESERVES AND SURPLUS . . .

The general fund liabilities consisted of accounts payable totaling \$37.03 which represented various tax overpayments.

The appropriation accounts showed a net unexpended balance of \$6,555.25 consisting of operating account balances and an overdraft that are carried forward to the ensuing year in accordance with legal requirements and/or customary practice.

The unappropriated surplus amounted to \$32,944.22, an increase of \$7,885.50 for the year. The change was occasioned principally by the net unexpended departmental balance lapsed.

**DEBT FUND . . .** The debt fund, incorporated in the balance sheet as a separate fund, reflects the outstanding elementary school bonds of \$38,000.00. The bonds are to be retired from future years' revenue and sinking fund investments. The sinking fund of \$7,642.85 was on deposit in the Depositors Trust Company, Rockland, Maine.

**TRUST FUNDS . . .** Trust fund principals totaled \$19,825.91 and unexpended income amounted to \$1,229.26 at the year end. The funds are invested in various securities totaling \$12,692.05, a demand deposit of \$9.00 and time deposits of \$8,354.12 in several banks.

Trust fund investments included securities in mutual funds. In this respect, legal advice should be obtained to determine if the percentage of funds so invested is within the provisions of the statute.

**SPECIAL FUND . . .** The Charles F. Collins Fund amounted to \$6,258.58, of which \$3,000.00 is to be used to develop the plot of land to be maintained as a park in the village of Port Clyde and \$3,000.00 to erect a memorial. The fund was on deposit in the Depositors Trust Company, Rockland, Maine.

CAPITAL RESERVE FUNDS . . . The St. George Elementary School Fund, which was established in 1960, amounted to \$20,226.12 at January 31, 1962.

Tax liens and tax acquired property amounted to \$2,259.40 and \$867.55 respectively.

New reserve funds created at the 1961 town meeting were for a fire engine and a revaluation. An amount of \$2,000 was appropriated for each of the new funds and the voters also specified that the State reimbursement for veterans' tax exemptions be credited to the revaluation fund.

With the exception of \$1,019.47 due from the general fund, the capital reserve funds are invested in certificates of deposit in the Depositors Trust Company, Rockland, Maine.

DEPARTMENTAL ACCOUNTS . . . The departmental operating accounts showed an increase of \$3,063.23 in funds raised by taxation, as compared with the preceding year. Appropriations for new capital reserve funds and a smaller appropriation for health and sanitation were the major factors responsible for the increase.

The departmental balances carried forward to the ensuing year increased by \$1,310.95, as compared with the balances at the start of the year. The change occurred principally in the highway and education accounts.

GENERAL . . . The townspeople authorized the use of excise tax revenue for various highway purposes.

### Scope of Audit

The system of internal control was reviewed as pertained to the handling of cash and other matters of financial concern. Count of cash was made and records

checked to determine the accuracy of recording cash transactions.

Cash accounts were verified by reconciliation of bank statements furnished by the depository. Verifications were utilized, on a test basis, to determine the correctness of recorded assets.

An analysis was made of receipts and deposits as well as expenditures and negotiated checks. Vouchers, payrolls and cancelled checks were examined for a selected period.

Excise tax collections were verified with the copies of the receipts retained by the collector. Trust, special and capital reserve fund transactions were examined and investments verified. Surety bond coverage was reviewed. Education account balances were reconciled with the Superintendent of Schools.

In our opinion, subject to the foregoing comments, the accompanying statements and supporting information present fairly the financial position of the Town at January 31, 1962, and the results of its operations for the year then ended.

## Town Warrant

KNOX, SS.

To Alfred Leppanen, a constable of the Town of St. George in the County of Knox.

GREETINGS:

In the name of the State of Maine, you are hereby required to notify and warn the voters of the Town of St. George, in said county, qualified by law to vote in town affairs, to meet at the Odd Fellows Hall, at Tenants Harbor in said town, on Monday, the 11th day of March A. D., 1963, at seven o'clock in the evening, then and there to act on the following articles, to wit:

1. To choose a Moderator to preside at said meeting.
2. To hear and act on the report of town officers.
3. To fix salary and elect a clerk for the ensuing year.
4. To fix salary and elect a Selectman for three years.
5. To fix salaries and elect three or more members of the Board of Assessors for the ensuing year.
6. To fix salaries and elect three or more members of the Board of Overseers of the Poor for the ensuing year.
7. To fix salaries and elect three Fire Commissioners for the ensuing year.
8. To fix salaries and elect a Treasurer and Excise Tax Collector for the ensuing year.

2-7-0  
9. To fix salary and elect a Collector of Personal and Real Estate taxes for the ensuing year.

10. To elect two members of the School Committee to serve for three years.

11. To elect a Road Commissioner for the ensuing year.

12. To see if the inhabitants will vote to elect or have the Selectmen appoint a Budget Committee.

13. To see what sum if any, the inhabitants will vote to raise or appropriate to cover the budget items as follows for the ensuing year.

A. Salaries of Town Officers.

**Recommended \$6,000.00**

B. Contingent

**Recommended \$2,000.00**

C. Social Security

**Recommended \$800.00**

D. Selectmen Travel Account

**Recommended \$100.00**

E. Fire Department and Red Network

**Recommended \$4,500.00 (Includes salaries)**

F. Fire Department Equipment.

**Recommended \$1,700.00**

G. Street Lights.

**Recommended \$1,428.60**

H. Health Nurse.

Needed Appropriation	\$53,745.00	\$ 69,450.00

This does not include assessment for Area High School.

R. New Elementary School M. S. B. A.  
\$3,750.00 plus interest of \$1,821.84 plus  
insurance \$400.00.

**Recommended \$5,971.84**

S. New Elementary School Fund, Day Trust Co.  
\$2,000.00 plus interest of \$1,260.00

**Recommended \$3,260.00**

14. To see what sum if any, the town will vote to raise and appropriate to make necessary safety repairs to the existing High School.

15. To see if it is the desire of the town to vote to authorize the Board of Selectmen to transfer the Elementary School Reserve Fund, or any part thereof, to the capital outlay of the Georges Valley Community School District.

16. To see if the town will vote to raise or appropriate the sum of \$10,000.00 for the Reserve Fund for the purpose of building an addition to the new Elementary School.

17. To see if the inhabitants will vote to raise or appropriate the sum of \$1,464.00 for State Aid Construction under the provisions of Sec. 25 and 29, Chap. 20, R. S. 1944.

18. To see what sum if any, the inhabitants will vote to raise or appropriate for the maintenance of the Ball Field, to be spent by the directors of the Twilight League Club or Independent Town Team.

**Recommended \$200.00**

19. To see whether or not the town will vote to raise and appropriate the sum of \$100.00 to be paid to the State of Maine Publicity Bureau to be expended and

used for advertising the natural resources, advantages and attractions of the State of Maine in accordance with the provisions of Chapter 91, Section 108, of the Revised Statutes of 1954.

**Requested \$100.00**

20. To see if the inhabitants will vote to raise and appropriate the sum of \$570.00 for the Knox County General Hospital.

**Requested \$570.00**

21. To see what sum of money if any, the town will vote to raise and appropriate for its share of Regional Planning.

**Requested \$175.00**

22. To see what sum of money if any the inhabitants will vote to raise and appropriate for the Reserve Fund for the purpose of purchasing a new Fire Engine.

**Recommended \$2,000.00**

23. To see what sum of money if any, the town will vote to raise and appropriate for revaluation of the town and for the preparation of a town property map. (Note— if the sum of \$3,000.00 is appropriated and transfer of the State refund on veteran tax exemption is authorized, the preparation of the town property map can be initiated.)

**Recommended \$3,000.00 and transfer of veteran tax refund.**

24. To see what sum of money if any, the town will vote to raise and appropriate for Civil Defense purposes.

**Recommended \$650.00**

25. To see if the inhabitants will vote to raise and appropriate the sum of \$100.00 to be given to the Kin-

ney-Melquist Post for soldiers flags and Memorial Day services.

**Recommended \$100.00**

26. To see what sum of money if any, the town will vote to raise and appropriate for maintenance of the town dump.

**Recommended \$600.00**

27. To see if the inhabitants will vote to raise and appropriate the sum of ~~\$350.00~~ to maintain and operate the St. George Recreation Center.

28. To see if the inhabitants will vote to accept no less than the sum of \$200.00 for the perpetual care and maintenance of a cemetery lot, vice \$400.00 previously voted.

29. To see if the inhabitants of the Town of St. George will vote to accept the sum of \$200.00 for perpetual care and maintenance of the Thomas E. McKellar lot in the North Parish Cemetery in said Town of St. George.

30. To see if the inhabitants of the Town of St. George will vote to accept the sum of \$400.00 for perpetual care and maintenance of the William Williamson and Honkonen lot in the Seaside Cemetery in said Town of St. George.

31. To see if the inhabitants will vote to establish one or two street lights on the Road known as 'Sea Street' in Tenants Harbor and to raise and appropriate the sum of \$19.20 or ~~\$38.40~~ for same. Said road leads from the Telephone Building around the shore towards property of Hugo Lehtinen.

32. To see if the town will vote to raise and appropriate the sum of \$500.00 for drainage on Beach Avenue, Martinsville.

P.D.R. may

33. To see if the inhabitants will vote to authorize the Selectmen on behalf of the town to sell and dispose of any real estate acquired by the town for non-payment of taxes or foreclosure of tax liens, and execute quit claim deeds for same. ✓

34. To see if the inhabitants will vote to authorize the Selectmen to borrow on the credit of the town, a sum sufficient to cover running expenses of the town in the interim between the annual Town Meeting and April 1, 1963.

35. To see what sum the inhabitants will vote to pay for labor on the highways for men and trucks.

36. To see what sum the inhabitants will vote to pay for righting fires.

37. To see if the voters by written ballot will accept or reject, by voting 'yes' or 'no', the following question:

"Shall the Act of Incorporate the Port Clyde Water District, passed by the 101st Legislature, be accepted?"

38. To see if the inhabitants will vote to go on daylight saving time in accordance with surrounding towns.

39. To see if the inhabitants will vote to amend the ordinance regulating the taking of clams in the Town of St. George to read as follows :

"It shall be unlawful for any person to dig any clams within the limits of the Town of St. George, Knox County, except a resident of said town. No such resident shall dig more than  $\frac{1}{2}$  bushel of clams in any one day within said town, without first having procured therefor a written license, which the Selectmen are authorized to issue upon payment of a fee of \$0.25. Licenses

issued under authority hereof shall expire at midnight of December 31st of the calendar year in which they were issued.

The term 'a resident' shall mean a person who has resided in this State for a term of at least six consecutive months and in the Town of St. George for at least three months immediately prior to the date when a claim of such residence may be made."

The Registrar will be available in the Town Clerk's office daily for the purpose of correcting the list of voters and will accept new registrations until 12 noon, March 9th, 1963.

REPORT  
SURREVAIN SCHOOL BUILDING COMMITTEE

In accordance with instructions, the Elementary School Building Committee has re-examined the various proposals concerning the school addition.

The findings of the committee are summarized as follows:

Deal House With Basement

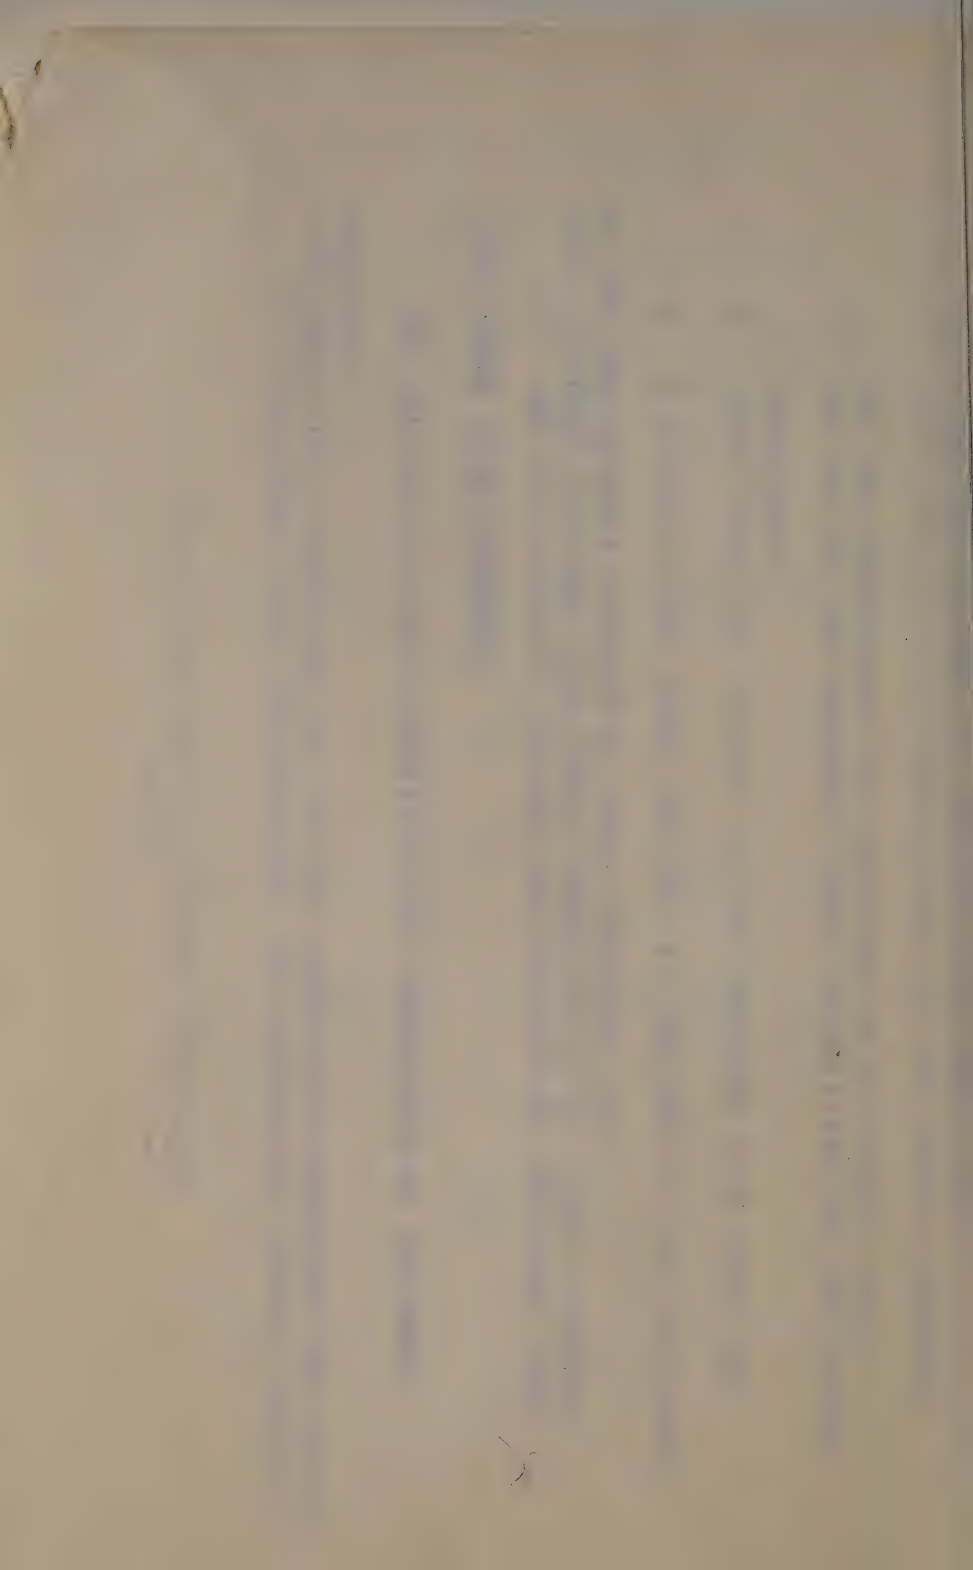

1. The ice bldg., kitchen and portion of parlour will hold to their original bid figures until April 15, 1904, subject to the sub-bidders holding to their original bid.

2. A finished roof would not add to the cost of the building.

3. There would be little, if any, savings with used construction.

4. The end of the basement could be utilized in the future for the playground, as this end is on ground level.

5. Plans for the reconstruction of the school building should not be completed on or after this date.

Four pieces on July - (Estimate submitted by architect)

Maneuver station walls - 90 ft long interior walls (bearing).

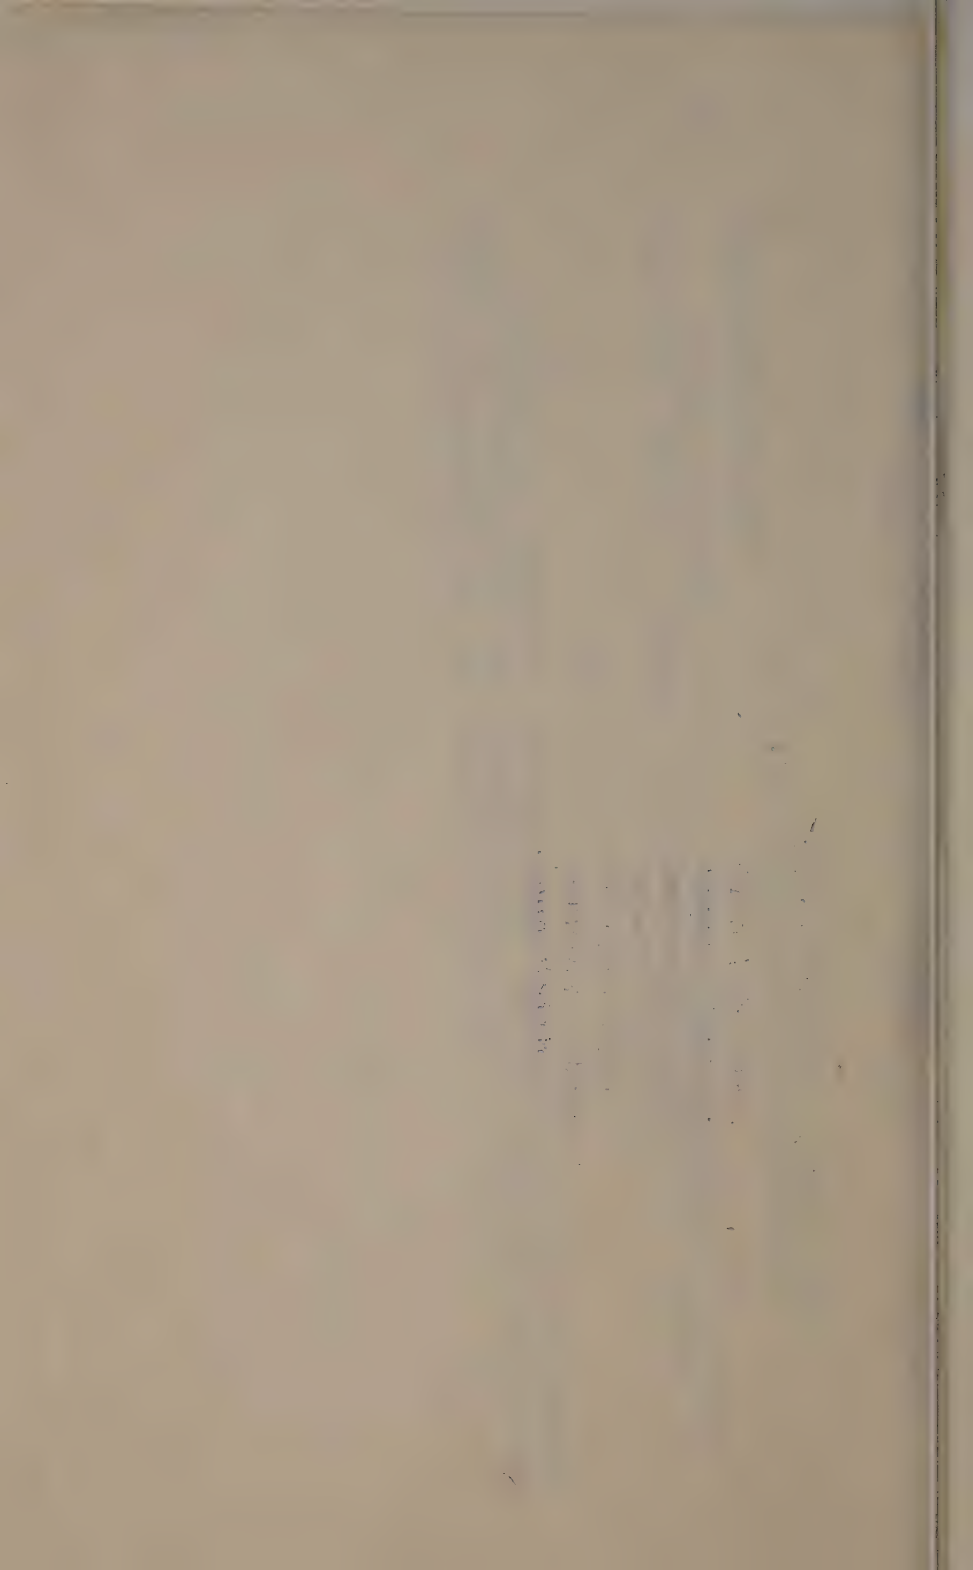

Wood floor material - shipped to exterior wall with a 3' depth.

\$60,211.00

Design used exterior and wood bearing wall in lieu of manually  
would not change the cost appreciably. Wood cladding and insulation  
could be substituted for masonry if needed.

## Report of Superintendent of Schools

To the Superintending School Committee and the citizens of the Town of St. George I herewith submit my report on the St. George Schools.

### SCHOOL COMMITTEE

Harold Dowling	Term Expires 1964
Arthur Kinney	Term Expires 1964
Shirley Bicknell	Term Expires 1965
Robert McKinney	Term Expires 1966
Henry Haskell	Term Expires 1966

### TEACHERS

Emily Johnson, Norma Manning,	Primary Department
Arlean Holman, Elizabeth Kinney	Grade 4
Georgette Hamel	Grades 4 and 5
Edward Jones	Grade 5
Adrea Thorbjornson	Grade 6
Aune Bragdon, Principal	Grade 7
Jane Jones	Grade 8
Harlan Bragdon	Home Economics and Health
Linda Bonnin	Shop and Science
Raymond King	Instrumental Music
John Parker	Vocal Music
Russell Jack	

### ENROLLMENT SEPTEMBER 1963

Primary Department	77
Grade 4	28
Grades 4 and 5	19
Grade 5	30
Grade 6	25
Grade 7	35
Grade 8	25
Total Enrollment	239

CUSTODIAN

Harlan Priestley

CONVEYANCE

Russell Thomas and Lowell Brothers

School opened in September with four more elementary teachers than there were the previous year. Since the institute was continued for the benefit of the elementary pupils those two teachers simply transferred from secondary to elementary. Miss Linda Bonnin was hired to replace Mrs. Gledhill in the Home Economics Department. Miss Bonnin was graduated from Farmington State Teachers College in 1963 with a Bachelors Degree in Home Economics.

Mrs. Emily Johnson of Camden was hired to supplement the teaching staff of the ungraded primary department. Mrs. Johnson is a graduate of Castine Normal School and has had 38 years of teaching experience in the elementary schools of Maine.

The fourth additional teacher was Dr. Edward Jones, Jr., who came from Massachusetts. Aside from medical school, Dr. Jones received his B. S. Degree from the University of Virginia in 1931 and a M. S. Degree from the University of Michigan in 1951. He was employed to teach the combination grade made up of fourth and fifth grade pupils.

Mrs. Jane Jones replaces Mrs. Howard in Grade 7. Mrs. Jones was graduated from Randolph-Macon Woman's College in 1937 with an A. B. Degree. She has taught in Virginia, Mississippi, and for the past five years in Waltham, Mass.

Mr. Russell Jack was hired on a part-time basis to do vocal music instruction in the elementary school. This gives Mr. Parker, who has more pupils studying instrumental music now than he formerly had in both high and elementary, more time for band instruction.

It is probably safe to say that every public school in this country is faced with the problem of how children should be grouped to produce the best possible type of a teaching-learning situation. Since the learning process involves much reading most of the effort to improve the teaching-learning process has been centered on this subject. For many years it has been standard procedure for a teacher to divide her class into three or four reading groups as soon as they enter school and this division continues right up through the grades. There are still many children who have difficulty with reading—at all grade levels.

In St. George a step was taken last fall which is hoped will remove some of the causes of reading difficulties. For a full explanation of the ungraded primary department I refer you to the report of the Principal.

In order to relieve crowded conditions in two large grades it was decided to make a new classroom consisting of some pupils from both grades. Again the committee was faced with the problem of how best to group in order to obtain the best possible teaching-learning situation. After much discussion, it was decided to take from each of the large grades a small group of pupils who had difficulty in trying to do the work in their particular grade. This would give the teacher of this group more time for individual help as the ability range of the pupils would not be so varied. It also reduced the spread of ability range in the two rooms from which they came making it possible for those teachers to give more time to the remaining pupils. So far these improvements have worked very well. With the individual attention that has been given so far some of the pupils are now doing some of their work at normal grade level. With a half year to go I am in hopes that the three rooms containing grades 5 and 6 next year will be made up of entirely different children.

With the closing of the high school the agreement between the Town and the Institute for high school pupils to take advantage of the shop and home economics courses was no longer

in effect. However the Wheelers assured me that if a schedule could be arranged whereby seventh and eighth graders could take shop and home economics and the teachers used to good advantage in the rest of the elementary program that the Institute would continue to operate as before. Such a schedule was worked out and has operated very successfully. The Institute teachers also teach Science and Health in grades 7 and 8, which gives Mrs. Bragdon some free time from her class room teaching for supervision and work with individuals who may have very serious reading difficulties. Plans are now being made to extend the shop and home economics program to include sixth grade pupils next year.

Since the high school building was ordered closed in December by order of the State Fire Commissioner and since the temporary partitions in the Elementary School must be removed at the close of school in June, some provision must be made to house the pupils who cannot be accommodated in the present elementary building.

Respectfully submitted,

C. LEROY BARKER

# Elementary Principal's Report

## ST. GEORGE UNGRADED PRIMARY

In the early spring of 1962, a group of parents asked for an opportunity to discuss with the school board and teachers what could be done to help those who needed improvement in reading skills: Summer school instruction was discussed. It was felt that only a small portion of those needing immediate help might be reached. This would not solve future problems.

It was a vote of the school board upon recommendation of Superintendent Barker to institute an Ungraded Primary Unit which they felt could lay a better foundation for reading.

The non graded primary is an administrative plan which removes grade lines and divides the curriculum into nine levels of learning. The program is designed with children's growth and learning characteristics in mind.

Since each child learns at an individual rate, he may progress from level to level at his own speed. It is a method of gearing the instruction to the individual child, according to his special needs and abilities.

No child is required to learn material beyond his range of ability, nor is he forced to repeat material. The slow learner proceeds at his own pace without the feeling of frustration with material beyond his means. No child has to mark time while waiting for other pupils to catch up.

Mrs. Emily Johnson was hired as the fourth teacher in the Primary Unit.

All teachers are highly enthused with the ungraded unit. Each teacher can prepare more thoroughly because she is teaching a group with a smaller range of ability.

This system will produce students who will be better equipped to enter grade four, where he assumes more independent study without too great an adjustment period.

Conclusively, we feel sure that this program is well worth the tax money expended for it because of the advantage it affords the pupils.

Respectfully submitted,

AUNE BRAGDON  
Principal

## Annual Report of The Fire Chief

To the Board of Selectmen of the Town of St. George, I hereby submit the report for the Fire Department for the year ending January 31, 1964.

The Department responded to the total of 111 calls as follows:

FIRE		NON-FIRE	
Building	9	Service	15
Chimney	3	Drills	8
Vehicle	7	Miscellaneous	4
Grass	3	Ambulance	58
Town Dump	1		—
	—		85
	26		

This has been an average year as for the number of calls. There was a decrease in woods, town dump fires, and service calls, with vehicle fires and ambulance calls much higher than in previous years.

Due to the improvement at the town dump, the fire hazard has been relieved considerably. However, there is still further improvements needed to alleviate the fire danger.

A State Forestry School was held at the fire station with District Warden Lloyd Shaw as instructor. These classes were attended by 21 members and they were awarded their certificates for same.

During the very dry spell in late October, a 24 hour fire patrol was organized and volunteers donated their time and vehicles for this patrol. Several persons were made to extinguish outside fires, since there was a ban on all such fires.

The Department participated in a search for a lost hunter. Our generator and lights were used as a beacon to guide searchers, with radio equipment keeping the search parties in contact.

Since much needed equipment has been purchased in the past three years, it is now possible to cut the equipment budget somewhat. However, we should not forget that our trucks are old and a new one is needed.

The Firemen's Association purchased a 1956 Ambulance, to replace the 1950. This was necessary, due to the fact that the body had rusted out beyond repair. Since the engine in the new ambulance broke down, it was necessary to replace it with a new one. The debt of \$2,200.00 on the foregoing was paid through the accomplishments of the Association. This however does not include the insurance or operating expenditures which annually amount to \$600.00.

The Ladies Auxiliary to the Fire Department has played an important part in assisting the volunteers throughout the year with their indebtedness, as well as giving of their services during fires.

Respectfully submitted,

ALFRED J. CHADWICK  
*Fire Chief*

\*Paid after books closed.

†Paid \$3.00 after books closed.

After repeated requests for payment of delinquent personal taxes proved futile during the past year, I arranged with Christy C. Adams, Attorney for the Town, to send out legal notices to twenty-five persons still owing personal taxes for the years 1960 and 1961. Some of the delinquent taxpayers receiving these notices responded favorably and have paid, or made agreements to pay, these back taxes; others are apparently ignoring these notices and will shortly be served with court summonses. They will then be compelled to pay sheriff and court fees in addition to their tax. In all fairness to the people who pay on time, these collection efforts will be continued however unpleasant the task may be.

Respectfully submitted,

MALCOLM E. WILEY  
Tax Collector

# Annual Report of Public Health Nursing Services in St. George in 1963

*Maine Department of Health and Welfare*

*Division of Public Health Nursing, Bureau of Health*

Your Public Health Nurse, a member of the staff of the Division of Health Nursing, provided public health nursing services in the Town of St. George during the year of 1963. A summary of these services is shown below.

There were sixty-four visits made to the town, with activities shown in the following summary:

<i>Activity</i>	<i>Number of Times Rendered</i>
Home Visits	156
School Health Examination Clinics	4
Child Health Conferences	3
Immunization Clinics	2

Children of all ages were immunized as indicated by type of disease in the list below:

<i>Type of Disease</i>	<i>Number of Children Immunized</i>
Polio	173
Tetanus	172
Smallpox	62
Diphtheria	48
Whooping Cough	20

Many of the home visits were nursing visits to the ill according to the written orders of the patients' private physicians.

Dr. Ashley, Health Officer of District III, gave 73 pupils in the sub-primary, seventh and eighth grades the tuberculin test. The public health nurse assisted her by making the necessary arrangements. There were no cases found.

The cooperation of the Health Council, school personnel and town officials has been greatly appreciated.

Respectfully submitted,

**BERYL B. BORGERSON, R.N.**  
Public Health Nurse

**AUDIT REPORT**

**JANUARY 31, 1963**

Cushing, Maine

July 30, 1963

The Board of Selectmen  
St. George, Maine

Dear Sirs:

I have examined the balance sheets of the funds of the Town of St. George as at January 31, 1963, and the Statements of Operations for the year then ended. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests of the accounting records, and such other auditing procedures as I considered necessary in the circumstances.

In my opinion, the accompanying balance sheets, and related Statement of Operations, present fairly the financial position of the Town of St. George at January 31, 1963, and the results of its operations for the year then ended, in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

Very truly yours,

**RONALD J. RAYER**

## TOWN WARRANT

KNOX, SS.

To Alfred Leppanen, a constable of the Town of St. George  
in the County of Knox.

GREETINGS:

In the name of the State of Maine, you are hereby required to notify and warn the voters of the Town of St. George, in said county, qualified by law to vote in town affairs, to meet at the Odd Fellows Hall, at Tenants Harbor in said town, on Monday, the 16th day of March A.D., 1964, at seven o'clock in the evening, then and there to act on the following articles, to wit:

1. To choose a Moderator to preside at said meeting.
2. To fix salary and elect a clerk for the ensuing year.
3. To fix salary and elect a Selectman for three years.
4. To fix salaries and elect three or more members of the Board of Assessors for the ensuing year.
5. To fix salaries and elect three or more members of the Board of Overseers of the Poor for the ensuing year.
6. To fix salaries and elect three Fire Commissioners for the ensuing year.
7. To fix salaries and elect a Treasurer and Excise Tax Collector for the ensuing year.
8. To fix salary and elect a Collector of Personal and Real Estate taxes for the ensuing year.

9. To elect two members of the School Committee to serve for three years.

10. To elect one member to serve on the Board of Trustees for the Georges Valley Community School for a period of three years.

11. To elect a Road Commissioner for the ensuing year.

12. To see if the inhabitants will vote to elect or have the Selectmen appoint a Budget Committee.

13. To see what sum of money, if any, the inhabitant will vote to raise or appropriate to cover the budget items as follows for the ensuing year:

A.	Salaries of Town Officers.	
	<b>Recommended by Budget Committee</b>	<b>\$6,000.00</b>

Grade 4	23
Grade 5	35
Grade 6	35
Grade 7	24
Grade 8	37
<hr/>	
Total Enrollment	235

### CUSTODIAN

Harland Priestley and Eric Olson

## CONVEYANCE

Russell Thomas and Lowell Brothers

There is much that can be said about your school program and the fine manner in which it was organized and carried out.

This year when the Selectmen, the Budget Committee and the Superintending School Committee met to discuss the school budget for 1965, there seemed to be only one area of great concern and disagreement. The area was that of teachers' salaries. After two joint sessions no agreement was reached on what seemed to be a reasonable figure that the town could afford this year and what it would cost to hire new teachers and keep the experienced ones who have been faithful.

The Superintending School Committee reluctantly and finally agreed to ask for a lesser amount for teachers' salaries than what circumstances seemed to warrant.

The teacher colleges of today are not producing enough trained teachers to adequately fill the needs of schools in Maine. Last September the average beginning degree teacher received \$4,400. This means that some teachers received more and some received less. It also should give us an idea of what we can expect when we try to hire teachers one year later. Not only should a town offer a competitive salary for teachers, it must also offer adequate facilities, proper supervision, comfortable living quarters, professional stimulation and recognition as being an important member of a good school staff. Good teachers will perform better if the town is educationally minded and is history free of strife, bitterness and turmoil.

It is a most confusing decision to make when teachers and funds to pay them are both difficult to come by. I can see no immediate help to any individual town in Maine to avoid the large increases each year. All towns which have large school debts plus large increases should look for a better way of meeting these costs.

Respectfully submitted,

GILBERT S. STROUT

## Elementary Principal's Report

Since reporting to you a year ago, our ungraded primary unit has passed its first milestone and halfway through the second year. We have tried to evaluate its success. It is the opinion of the teachers involved that each child is better prepared as a result of it. The reading ability is definitely improved. There will be those few who will never read fluently but will be better readers because they are proceeding at a level where a measure of success can be theirs.

It will be another school year before we can fully compare with the traditional set-up as to the quality of a fourth grader the ungraded unit is able to produce.

If our predictions materialize we may look to the near future for further ungradedness through the middle grades if necessity seems to warrant it. We are hoping to implement some type of cooperative teaching in grades four and five which will further enhance our reading and arithmetic programs.

Modern Mathematics has been introduced to motivate and enrich our present program. In grades seven and eight the average and above average students are receiving Modern Math instruction in preparation for high school.

In the lower grades the pupils are being acquainted with the new terminology and simple operations. It is hoped to introduce Modern Math in levels seven and eight next fall and work up through the grades until all are involved.

Our cooperative teaching effort is working satisfactorily in grades six, seven and eight.

Our hot lunch participation remains high with ninety or more percent of the students eating.

I think the students suffer for lack of gymnasium facilities that could place them in a more competitive position when they enter high school.

Creative talents are thwarted because of minimum space and instruction.

Future building planning should include a good-sized all purpose room which could be utilized for much needed library facilities, science room, large group instruction, and general auditorium usage.

The school personnel has performed faithfully.

Respectfully submitted,

AUNE M. BRAGDON

*Principal*

### ST. GEORGE TEACHERS SALARY SCALE 1964-65

Teacher	Degree	Total Experience	Years In Present Position	Salary
Linda Bonnin	BS	2	2	\$ 4600

## Annual Report of The Fire Chief

To the Board of Selectmen and the people of the Town of St. George, I hereby submit the report for the Fire Department for the year ending January 31, 1965.

The Department responded to a total of 80 calls classified as follows:

Building	6
Chimney	11
Flooded Oil Burners	2
Grass	4
Woods	5
Vehicle	2
Town Dump	3
Ambulance	41
Miscellaneous	6

The above figures show the vital role performed by members of the Department as fire-fighters and ambulance drivers. What the statistics do not show are the many additional tasks the men of the Fire Department are called on to do. Last year, the Department was called upon to initiate several search and rescue operations for lost hunters, children and fishermen. Many "service calls" for flooded cellars, sinking boats and clogged wells were answered. At traffic accidents and during all major storms, your Fire Department members were on duty.

In rating a Town for insurance, the two most important areas studied by the Fire Underwriters are (1) Fire Department Equipment & Organization and (2) Water Supply. I would like to comment briefly on these two areas.

In regards to (1) Fire Department Equipment, this year we are seeking approval for the purchase of a new pumper-tanker fire truck to replace Engine No. 1 as our first line piece. Engine No. 1 is now 23 years old, has had many major repairs and is in need of still more, and is unreliable in its operation. If this request is acted upon favorably we will have a "Class A" rated

piece of fire-fighting equipment in our central station and we will be able to move forward in our plans to relocate other equipment and strengthen our overall fire protection program.

In regards to (2) Water Supply, last year the Department cleaned and deepened the water hole at the Town Dump. This is a good hole with an adequate supply and ice-free in the winter. With the work completed on the dam and artificial lake on the Walston Road, we have another new and excellent source of water. We propose to build a dam at the bridge in Martinsville on Route 131 this year thus creating still another vitally needed water supply area.

The Fire Department Ambulance is owned and operated by the Firemen's Association. Few people realize the cost of maintaining such a service. Last year the Association had an income of \$2,230 and expenses of \$2,500.

Much of the equipment owned by the Department has been purchased through the efforts of the Association. The cooperation of the members of the Association with the Officers of the Department is much appreciated. The efforts of the Ladies Auxiliary are also of great help to the Fire Department. Their assistance and service last year have played an important part in aiding the volunteers in their work.

Your Department stands ready as a trained source of help in time of fire, sickness, accident, natural disaster, or any type of trouble. This is made possible through the continuing support and cooperation of the officials and people of the Town of St. George.

Respectfully submitted,

ALFRED J. CHADWICK

*Chief of the Department*

## Notice To Taxpayers

Before making an assessment, the assessors shall give reasonable notice in writing to all persons, liable to taxation in the municipality, to furnish to the assessors true and perfect lists of their polls and all their estates, not by law exempt from taxation, of which they were possessed on the 1st day of April of the same year.

The notice to residents may be given by posting notifications in some public place in the municipality or in such other way as the municipality directs.

The notice to non-resident owners may be by mail directed to the last known address of the taxpayer or by any other method that provides reasonable notice to the taxpayers.

If any person after such notice does not furnish such lists, he is thereby barred of his right to make application to the assessors or the county commissioners for any abatement of his taxes, unless he furnishes such list with his application and satisfies them that he was unable to furnish it at the time appointed.

The assessors or any of them may require the persons furnishing the list to make oath to its truth, which oath any of them may administer, and any of them may require him to answer in writing all proper inquiries as to the nature, situation and value of his property liable to be taxed in the state; and a refusal or neglect to answer such inquiries and subscribe the same, bars an appeal to the county commissioners, but such lists and answers shall not be conclusive upon the assessors—Chapter 91 A, Sec. 34, R. S. 1954.

Town Clerk

## Dog Law

All owners or keepers of dogs in the Town of St. George are hereby reminded of their responsibility as stated in Chapter 100, Section 10, R. S. 1954 which reads in part as follows:

On or before the 1st day of April of each year, the owner or keeper of any dog 4 months old or over shall apply to the city or town clerk either orally or in writing for a license for each such dog owned or kept by him. Such application shall state the breed, sex, color and markings of such dogs and the name and address of the last previous owner.

A fee of \$1.15 shall be paid the city or town clerk for each license issued on male dogs, and a fee of \$5.15 shall be paid for all female dogs capable of bearing young. All female dogs shall be considered capable of producing young unless a certificate issued by the commissioner of agriculture and signed by a licensed veterinarian or previous license record, is presented from a licensed veterinarian stating that such female was made incapable of bearing young by spaying by him. When such certificate accompanies the application, a fee of \$1.15 shall then be paid on such spayed females. In addition to the amount paid for license and tags, each applicant shall pay the city or town clerk 25c for the recording and making a return to the commissioner of agriculture.

Any person becoming the owner or keeper of a dog after the 1st day of April, not duly licensed as herein required, shall, within 10 days after he becomes the owner or keeper of said dog, cause said dog to be described and licensed as provided above.

*Maine Department of Health and Welfare  
Division of Public Health Nursing, Bureau of Health*

## **Annual Report of Public Health Nursing Services in St. George in 1964**

Your public health nurse, a member of the Division of Public Health Nursing, visited St. George forty-nine times, doing home visits, and holding school immunization clinics, school physical examination clinics and child health conferences.

Your public health nurse met with the Health Council to plan the health activities for the town. Table 1 lists the number of times the nurse rendered an activity by selected nursing activities.

**TABLE 1**

<i>Nursing Activity</i>	<i>Number of Times Rendered</i>
Home Visits	152
Child Health Conferences	4
School Physical Examinations	3
Immunization Clinics	2

Home visits were made to families to promote mental and physical health. These visits were to the healthy individual, to those afflicted with tuberculosis or other communicable disease, to the crippled, the cardiac, the diabetic, the mentally retarded and emotionally disturbed. Eighteen of the visits to the elderly were for nursing care under the directions of private physicians. Teaching healthful living and the prevention of accident and disease was the aim. Table 2 presents the number of home visits completed by age.

TABLE 2

<i>Age of Persons Visited</i>	<i>Number of Home Visits</i>
Pre-school (1-5 years)	42
Aged (65 years or over)	38
Adult (21-64 years)	28
Infant (0-1 year)	24
School (6-20 years)	20

Infants and pre-school children were given physical examinations and all necessary immunizations and the parents counselled by the physician at the child health conferences. Table 3 presents the number of children immunized by the type of immunization given.

TABLE 3

<i>Type of Immunization</i>	<i>Number of Children Immunized</i>
Smallpox	82
Polio (Sabin)	76
Diphtheria	64
Tetanus	64
Whooping Cough	12

The school health program included physical examinations and all necessary immunizations given by the school physician. Your public health nurse did retesting on children with hearing problems. She arranged for the tuberculosis testing program done by Dr. Alta Ashley, District Health Officer. She made home visits to the families of children with positive tests according to medical recommendations. She made home visits regarding the findings of the physical examinations. Teacher-nurse conferences were held concerning problems of individual children.

The cooperation of the Health Council, school personnel and town officials is greatly appreciated.

Respectfully submitted,

*BERYL BORGERSON, R.N.*

*Public Health Nurse*

## Report on St. George Dump

Last spring the Town of St. George received the first award given by the Governor's Committee to Keep Maine Scenic. Mrs. Hartford Cook went to the Maine Municipal Association Convention for the presentation. The award was a check for \$200.00, plus the compliment of having our Town's name inscribed on the silver bowl which was given us to keep for one year. This reward was in recognition of the community effort used in cleaning up the dump, and planting some 2000 small spruces and pines.

In 1964, we were able to hire a large bulldozer to go over the dumping area once, resulting in a great improvement. Our thanks go to Harold Black and Son for bulldozing faithfully, and for keeping up the road. A wire mesh fence was donated and erected. In 1965, we expect to put up more fencing, and a few new signs.

On the whole, the public has been most cooperative in keeping the dump orderly. It is regrettable that a few of our citizens will not take the trouble to go to the back of the dump to dispose of their trash. Please follow the rules, which are designed for better sanitation, greater fire precaution, and a clean and tidy dump.

1. Dump only beyond the fence, at far end of dump. Do not throw anything beside, or on, the road or turnaround.
2. Do not light any fires at any time.
3. Dead animals and birds must be buried.
4. Sludge pumped from septic tanks is barred from the dump.

5. Doors must be removed from any refrigerator or ice-box left at the dump.
6. Whole trees and telephone poles are barred from the dump.
7. Open trucks going to the dump should be covered with a tarpaulin.

Respectfully submitted,

MARGARET L. LEWIS

*Health Officer*

## Audit Report

Note: The complete postaudit report for the year 1963 is on file in the St. George Town Office.

*State of Maine*  
**DEPARTMENT OF AUDIT**  
*Augusta, Maine*

May 27, 1964

Board of Selectmen

St. George, Maine

In accordance with Chapter 90-A, Revised Statutes of 1954, as amended, an audit has been conducted of the financial records of the Town of St. George for the fiscal year ended January 31, 1964.

The examination was made in accordance with generally accepted auditing standards and accordingly included such tests of the accounting records and such other auditing procedures as were considered necessary in the circumstances.

Within the scope of the examination, the financial transactions were appropriately handled, with such exceptions as may be noted in the accompanying commentary.

In our opinion, the exhibits and schedules incorporated in this report, present fairly the financial position of the Town at January 31, 1964, and the results of its operations for the year then ended.

Respectfully submitted,

MICHAEL A. NAPOLITANO

*State Auditor*

## COMMENTS

## TOWN OF ST. GEORGE

FEBRUARY 1, 1963 TO JANUARY 31, 1964

\* \* \*

An audit has been completed of the financial records of the Town of St. George for the fiscal year ended January 31, 1964. The audit consisted of an examination of the records maintained by the Selectmen, Treasurer, Tax Collector and other municipal officials.

The fiscal year's operations showed that the net departmental overdraft lapsed to surplus amounted to \$1,340.35, per the following summary:

Departmental Operations:	
Overdrafts	\$11,872.20
Unexpended Balances	10,531.85
	<hr/>
Net Overdraft	\$ 1,340.35

Overdrafts in the contingent, abatement and various highway accounts, less the unallocated excise tax revenue and the overlay were the major factors contributing to the amount charged to surplus.

\* \* \*

The following comments pertain to the accompanying financial statements and to the scope of audit.

ASSETS . . . The general cash balance of \$18,250.51 was on deposit in the Depositors Trust Company, Rockland, Maine, at January 31, 1964. Petty cash of \$25.00 was on hand.

Taxes receivable totaling \$17,390.03 consisted for the most part of current year accounts of \$15,840.01. The remaining balance of \$1,550.02 was for unpaid prior accounts dating from 1960. Tax liens and tax acquired property amounted to \$2,133.30 and \$1,968.58 respectively.

The amount of \$1,627.73 due from the Collins Memorial Park

Fund represents expenditures made for this project from the general fund which is reimbursable from the special account.

LIABILITIES, RESERVES AND SURPLUS . . . The accounts payable of \$1,588.91 represented the tax collector's compensation which is due at January 31, 1964.

The appropriation accounts showed unexpended balances of \$20,802.24 representing various operating account balances that are carried forward to the ensuing year in accordance with legal requirements and/or customary practice.

The unappropriated surplus amounted to \$19,042.17, a decrease of \$11,159.74 for the year. The change was occasioned principally by the authorized transfer for school purposes and the net departmental overdraft lapsed to surplus.

DEBT FUND . . . The debt fund, incorporated in the balance sheet as a separate fund, reflects the outstanding elementary school bonds of \$34,000.00. The bonds are to be retired from future years' revenue and sinking fund. The sinking fund of \$8,179.47 was on deposit in the Depositors Trust Company, Rockland, Maine.

TRUST, SPECIAL AND RESERVE FUNDS . . . Trust fund principals totaled \$20,539.00 and unexpended income amounted to \$1,422.49. The funds are invested in various type securities and bank deposits.

Trust fund investments included securities in mutual funds. In this respect, legal advice should be obtained to determine if the percentage of funds so invested is within the provisions of the statutes.

The Charles F. Collins Fund of \$3,254.45, the St. George Elementary School Fund of \$28,070.95, and the fire engine and revaluation fund balance of \$6,243.20 and \$2,163.20 respectively are represented by demand and certificates of deposit in the Depositors Trust Company, Rockland, Maine.

DEPARTMENTAL ACCOUNTS . . . . The departmental operating

accounts showed an increase of \$34,314.68 in funds raised by taxation, as compared with the preceding year. Larger appropriations for educational purposes, highways and debt service were the major factors contributing to the increase.

The departmental balances carried forward to the ensuing year increased by \$7,332.79, as compared with the balances at the start of the year. The change occurred principally in the highway and education accounts.

GENERAL . . . . The townspeople authorized the use of excise tax revenue for various highway purposes. The transfer of \$10,000.00 from surplus for the Georges Valley Community School District assessment was also voter authorized.

As pertains to expenditures for educational purposes not subsidized within the foundation program, such as repairs and capital outlay, it is suggested that balances and operational results of the several accounts should be reported separately.

RECOMMENDATIONS . . . . The following recommendations appear worthy of consideration:

Attention is directed to a bulletin issued by the State Tax Assessor with reference to excise tax on motor vehicle equipment.

The selectmen should maintain a complete general ledger as a part of the accounting system.

#### SCOPE OF AUDIT

The system of internal control was reviewed as pertained to the handling of cash and other matters of financial concern. Count of cash was made and records checked to determine the accuracy of recording cash transactions.

Cash accounts were verified by reconciliation of bank statements furnished by the bank or by direct bank confirmation. Verifications were utilized, on a test basis, to determine the correctness of recorded assets.

An analysis was made of receipts and deposits as well as expenditures and negotiated checks. Vouchers, payrolls and canceled checks were examined for a selected period.

Excise tax collections were verified with copies of receipts retained by the collector. Education account balances were checked with a statement furnished by the Superintendent of Schools. Trust, special and capital reserve fund transactions were examined and investments were verified. Surety bond coverage was reviewed.

**Recommended by Budget Committee** **\$200.00**

30. To see if the inhabitants will vote to adopt the following clam ordinance:

'No person shall dig or take clams from the shores, flats, or coastal waters of the Town of St. George, without having a current license issued by the Town Clerk, who is authorized to issue such licenses for the fee of ....., 25 cents of which shall be paid to the Town Clerk. Such licenses, which shall expire on the 31st of December each year, may be issued to any resident or riparian owner in the Town of St. George, except that any resident or riparian owner may dig for the use of himself or his family not exceeding one peck of clams in any one day.'

31. To see if the inhabitants will vote to authorize the installation of a street light on pole 19, Watts Avenue, between Dana Smith's residence and the William Gillis residence, and to raise and appropriate the sum of \$31.80 for same.

32. To see if the inhabitants will vote to authorize the installation of a street light on pole no. 323 on Main Street, Tenants Harbor, opposite Hall's I.G.A. Store and Lowell Bros. Garage, and to raise and appropriate the sum of \$31.80 for same.

33. To see if the town will vote to raise and appropriate the sum of \$500.00 for the purpose of repairing the old Route 131, known as the 'Smalley town cut-off'.

34. To see if the town will vote to raise and appropriate the sum of \$500.00 for the improvement of the road from the bridge at Harrington Cove to Miss Bender's hill so-called.

35. To see if the town will vote to raise and appropriate the sum of \$5,000.00 for the purpose of repairing and widening where necessary, the Barter's Point road in Tenants Harbor.

36. To see if the town will vote to "keep the town green" and ban the use of weed spray along all of its highways.

37. To see whether the town will vote to authorize the Selectmen, on behalf of the town, to establish and enforce regulations governing the use of the public landing.

38. To see if the inhabitants will vote to authorize the Selectmen on behalf of the town to sell and dispose of any real estate acquired by the town for non-payment of taxes or foreclosure of tax liens, and execute quit claim deeds for same.

39. To see if the inhabitants will vote to authorize the Selectmen to borrow on the credit of the town, a sum sufficient to cover running expenses of the town in the interim between the annual Town Meeting and April 1, 1966.

40. To see what sum the inhabitants will vote to pay for labor on the highways for men and trucks.

41. To see what sum the inhabitants will vote to pay for fighting fires.

42. To see if the inhabitants will vote to go on daylight saving time in accordance with surrounding towns.

43. To see if the inhabitants will vote to elect their town officers using the Australian ballot system.

The Registrar will be available in the Town Clerk's office daily for the purpose of correcting the list of voters and will accept new registrations until 12:00 noon, March 13th, 1965.

Respectfully submitted,

RICHARD H. FALLA
